AREAPLAN: WYKE 1 & 2

Hierdie gedeelte is slegs 'n oorsig van die Areaplan en kan u enige van die komiteede nader om 'n afskrif te bekom. Die Areaplanne is ook beskikbaar op ons webwerf by www.swartland.org.za

Area-gebaseerde beplanning is 'n inisiatief wat die oorhoofse GOP-proses komplementeer deur te fokus op gemeenskappe. Gemeenskappe in hierdie konteks word verteenwoordig deur nedersettings (dorpe en wyke).

Swartland decided to take an approach that in the first place focuses on sensible geographical areas, simultaneously considering wards so that ward planning is not neglected. To achieve this, a number of wards are combined for each area plan to echo the area-based approach in a pragmatic way.

Belangrike aspekte wat in die areaplanne aangespreek word is:

- ontwikkelingsperspektief / potensiaal
- dienste: kapasiteit en agterstande
- sosiale opname
- ontwikkelingstrategie / ruimtelike voorstelle
- 2012/2013 munisipale begroting

Die Munisipaliteit in samewerking met die wykskomitees het begin met die samestelling van die areaplanne wat al 12 wyke dek. Verskeie vergaderings was gehou met al 12 wyke om hulle kwessies en 5 top prioriteite te bepaal.

BELANGRIKE PRIORITEITE

WYK 1

- paaie en stormwater
- plaaslike ekonomiese ontwikkeling
- behuising
- opvoeding
- gesondheid

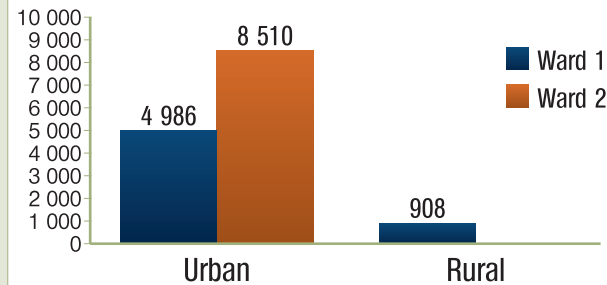

WARD 2

- housing
- business and local economic development
- education
- parks and public amenities
- public safety / law enforcement
