BELANGRIKE KENNISGEWING

Die munisipaliteit het deur middel van 'n formele proses tenders ingewin vir die uitmaak van kwitansies vir rekeningbetalings by punte elders as by munisipale kassierspunte.

Hierdie diens word tans landswyd deur  gelewer wat dit moontlik maak dat 'n munisipale rekening by enige besigheidsgroep wat oor die -fasiliteit beskik, betaal kan word.  was egter nie die suksesvolle tenderaar nie, maar is daar besluit om die publiek tegemoet te kom deur nie die diens onmiddellik te staak nie. Die diens sal derhalwe oor 'n termyn van twee maande uitgefaseer word.

U word hiermee in kennis gestel dat munisipale rekeninge slegs tot op **30 September 2016** by besigheidsgroepe wat oor die -fasiliteit beskik, betaal sal kan word.

Belangrik egter is dat die diens met ingang van **1 Augustus 2016** landswyd deur  (die suksesvolle tenderaar) gelewer sal word by enige besigheidsgroep wat oor -fasiliteite beskik vir die betaling van munisipale rekeninge.

To all our clients

IMPORTANT NOTICE

Tenders were invited through a formal process for the receipt of municipal account payments on behalf of the municipality at paypoints other than municipal cashiers.

At present this service is nationally rendered by  allowing for municipal accounts to be paid at any business group linked to the -facility. As  was not the successful tenderer, it was decided not to terminate the service immediately in order to accommodate our clients. The service will therefore be phased out over a period of two months.

Notice is hereby given that municipal accounts can be paid at the business groups linked to the -facility up till **30 September 2016**.

Important however, is that the service will be rendered nationally as from **1 August 2016** by  (the successful tenderer) at any business group linked to the -facility for the payment of municipal accounts.
