

SWARTLAND MUNICIPALITY

STRATEGY 13:
Manage risk & disaster
(man-made and natural)

KEY

Intensive Rural Development Corridor

Yzerfontein Rural Corridor

Alternative Energy

Biogas Project

Solar Photovoltaic Projects: Approved

Solar Photovoltaic Projects: Under Consideration

Darling Wind Farm: Approved

Electric Infrastructure

Distribution HV substation

New 765 kV Network

132 kV Network

66 kV Network

50 kV Network

Water Infrastructure

WCDM water layout

Natural

Bergrivier corridor

Mountains and hills

Rivers and drainage

Groenrivier / Dieprivier corridor

Coastal conservation corridor

Coastal corridor

Coastal Management Line

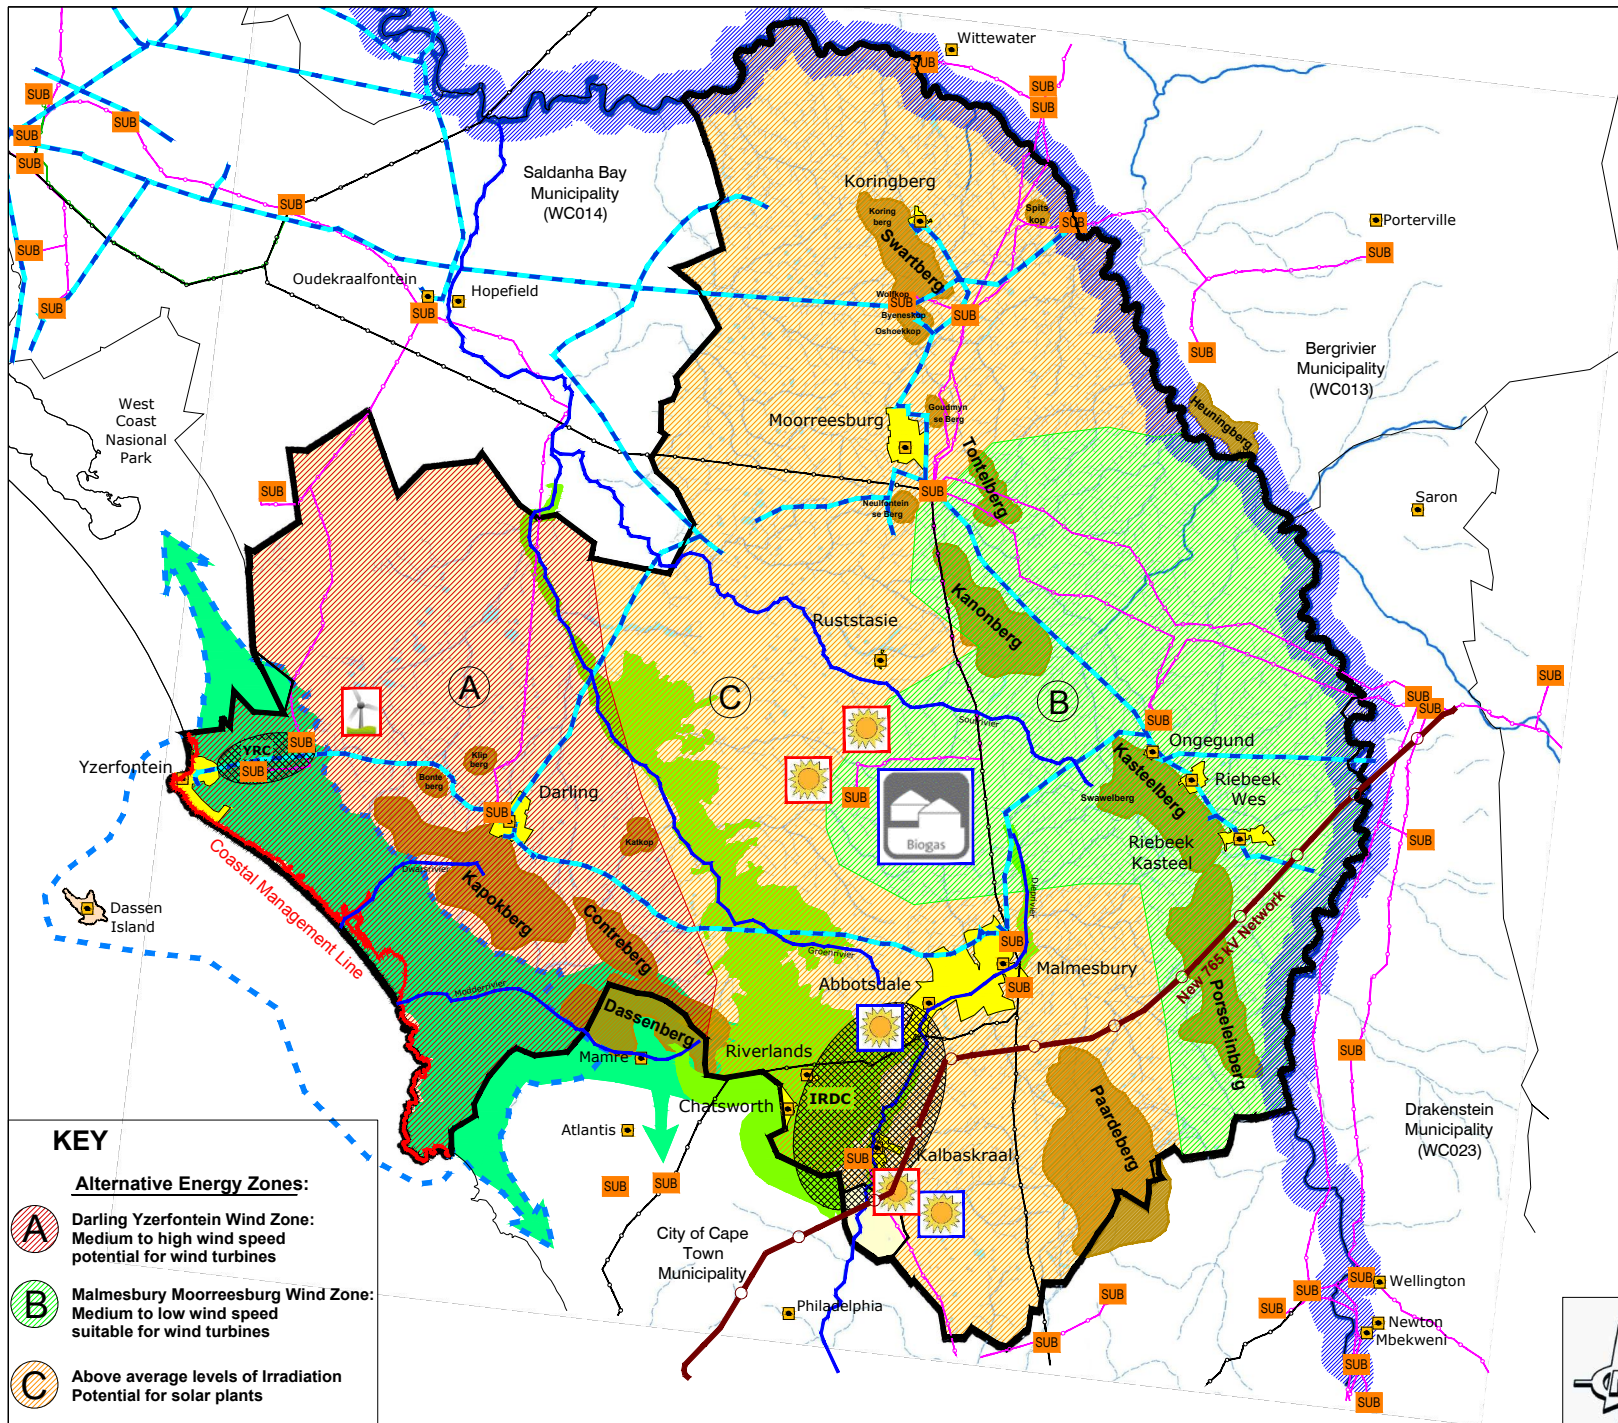

KEY

Alternative Energy Zones:

Darling Yzerfontein Wind Zone:
Medium to high wind speed potential for wind turbines

Malmesbury Moorreesburg Wind Zone:
Medium to low wind speed suitable for wind turbines

Above average levels of Irradiation Potential for solar plants
