These services include the services and repairs of vehicles at the vehicle agents, as well as repairs to equipment at the agents. In these instances only 1 quote needs to be obtained. ### **Staffing Issues**

The staff complement of the Supply Chain Management unit is as follows:

- Head: Logistics,
- Head: Demand & Acquisition,
- Principal Clerk: Orders,
- Secretary: SCM,
- Senior Storeman,
- Storeman,
- Senior Clerk: Stationery and
- Three Senior Clerks (Buyers).

### **Systems**

### • Supplier Database

 The municipality is utilising National Treasury's Central Supplier Database with effect from 1 July 2016.

### **External Relations**

■ The SCM Unit works very closely with the Provincial Treasury on all the legislative requirements. No Supply Chain Forum meetings were held during this quarter.

### **SCM Challenges**

In a recent court case, the Preferential Procurement Regulations, 2017 were declared invalid with effect from 16 February 2022. National Treasury issued Advisory Notes on 25 February 2022 and 3 March 2022 regarding this matter. Swartland Municipality opted to request for Exemption in terms of Section 3(c) of the Preferential Procurement Policy Framework Act, 2000 (PPPFA). Exemption has been granted by National Treasury on 12 March 2022.

As all of the municipality's tenders for capital projects for the 2021/2022 financial year had already been advertised and awarded before 16 February 2022, it did not have any impact on capital spent.

After National Treasury granted the municipality exemption from the Preferential Procurement Policy Framework Act, 2000 (PPPFA), tenders for the 2022/2023 financial year could be advertised in time to be awarded before 30 June 2022.

On 30 May 2022 the Constitutional Court ruled that the Preferential Procurement Regulations, 2017 remain valid until 26 January 2023. From 31 May 2022, all new quotations must be requested, and tenders must be advertised, and dealt with, in accordance with the 2017 Regulations.

Notwithstang all the challenges, SCM could advertise all tenders in time, and service delivery was not affected.

### Conclusion

The Supply Chain Management Unit is continuously improving its processes and procedures in order to ensure that Council receives value for money in terms of demand and acquisitions management.
