2.2 Oversight Report

The adoption of the Oversight Report is the final major step in the annual reporting process of a municipality. Section 129 of the MFMA requires the Council to consider the annual reports of its municipality and to adopt an "oversight report" containing the Council's comments.

The oversight report must include a statement whether the Council:

- has approved the annual report, with or without reservations;
- has rejected the annual report; or
- has referred the annual report back for revision of those components that can be revised.

National Treasury issued Circular 32 on 15 March 2006 (attached as Annexure B) on the preparation of oversight reports and provides guidelines on the processes to be followed in the adoption of the Oversight Report to which this report conforms.

The Oversight Report is a separate product from the Annual Report. The Annual Report is submitted to the Council by the Accounting Officer and the Executive Mayor and is part of the process for discharging accountability by the executive and administration for their performance in achieving objectives and goals set by the municipality in the relevant financial year. The Oversight Report follows consideration and consultation on the Annual Report and is considered to be a report of the municipal council.

After tabling of the 2020/2021 Annual Report on 27 January 2022, in line with Section 127(5) of the MFMA, Swartland Municipality allowed for public comments regarding the draft Annual Report from 1 February 2022 to 2 March 2022.

The Annual Report was made available on Council's website, as well as at all (6) municipal offices and (9) libraries in the municipal area. In addition, the Annual Report was made available to the following offices:

- The Office of the Auditor-General
- The Provincial Treasury
- The MEC for Local Government.

The accounting officer (Municipal Manager) of Swartland Municipality attended all council meetings where the Annual Report was discussed, i.e. on 27 January 2022. A copy of the minutes of this meeting is appended to this report as Annexure A¹. A copy of the minutes of the Municipal Public Account Committee meetings held on 11 March 2022, which was also attended by the accounting officer (attached to this report as Annexure C).

3. KEY COMMENTS AND RESPONSES

Circular 32 of the National Treasury recommends that the summary of key issues raised by the community, Auditor-General and other spheres in government, be detailed in the Oversight Report. In addition, the Circular proposes that responses to questions raised in written representations be captured in the Oversight Report. This section summarises the key questions and comments from the Auditor-General, the municipality's audit committee, the Council, as well as the responses by the Municipality's Executive Management.

3.1/...

¹ Refer paragraph 7.1 of Annexure A

3.1 The Auditor-General's Management Letter and Response by Management

- **3.1.1 Audit opinion** (excerpt from Report of the auditor-general to the Western Cape Provincial Parliament and the council on Swartland Municipality dated 30 November 2020)
 - "2. In my opinion, the financial statements present fairly, in all material respects, the financial position of the Swartland Municipality as at 30 June 2021, and its financial performance and cash flows for the year then ended in accordance with Standards of Generally Recognised Accounting Practice (GRAP), the requirements of the Municipal Finance Management 56 of 2003 (MFMA) and the Division of Revenue Act 4 of 2020 (DoRA."

"Internal control deficiencies"

- "31. I considered internal control relevant to my audit of the financial statements, reported performance information and compliance with applicable legislation; however, my objective was not to express any form of assurance on it."
- "32. I did not identify any significant deficiencies in internal control."

3.1.2 Managements response to the Auditor-General's finding and perfomance evaluation

The Municipality received a clean (unqualified with no material findings as envisaged by S122 of the MFMA) audit report for the 2020/2021 financial year. This in itself speaks to and is proof of the dedication of management and personnel to meet and maintain high standards of performance at all times. The achievement of 9 clean audits since 2010/2011 confirms Swartland Municipality's reputation as a governance leader.

The Annual Financial Statements (AFS) and performance information were without any material uncorrected misstatements, which can be attributed to proper record keeping, processing and reconciling controls, and regular reporting that is monitored. The use of governance structures in key risk areas within the municipality should be continued to ensure that deficiencies identified are adequately responded to and monitored through management's action plan.

Clean administration entails effective teamwork amongst all departments within the municipality, the right attitude of its workforce and keeping staff accountable for their area of responsibility. The Swartland Municipality continues to subscribe to high levels of good governance and clean administration.

Whilst the adoption of the Oversight Report is the final step in accepting the 2020/2021 annual performance, the evaluation of the annual performance was done on 10 September 2021 by the evaluation panel appointed in accordance with the Performance Agreements entered into with the Municipal Manager and directors.

3.1.2/...

The Framework for the Implementing of Performance Management was adopted by the Executive Mayoral Committee on 15 June 2021 allowing for a performance bonus to be paid to the Municipal Manager, according to the calculation table in Annexure A of the framework up to a maximum of 14%.

The results of the performance evaluation on 10 September 2021 for the 2020/2021 financial year are as follows:

Municipal Manager = 14%

MFMA Circular No 32

Municipal Finance Management Act No. 56 of 2003

The Oversight Report

Introduction

This circular aims to provide councillors with practical guidance in financial governance and to assist in maintaining oversight within the broader governance context.

It focuses on the oversight process that councils must follow when considering the annual report and how to deal with the *Oversight Report* by encouraging continuous improvement and promoting accountability to stakeholders.

Please read this circular in conjunction with the following circulars:

- MFMA Circular 11 Annual Reporting Guidelines 14 January 2005
- MFMA Circular 18 New Accounting Standards 23 June 2005
- MFMA Circular 28 Budget Content and Format 12 December 2005

Background

Council is vested with the responsibility to oversee the performance of their respective municipality, as required by the Constitution, the Municipal Finance Management Act (MFMA) and Municipal Systems Act (MSA). This oversight responsibility of council is particularly important for the process of considering annual reports.

The MFMA and MSA recognise that council has a critical role to play to ensure better performance by municipal departments and entities. There now exists an explicit linkage between the strategic goals, set by council through the IDP, which are translated into the budget, and the delivery of those goals, which is reported in the Annual Report. It is important for council to ensure that the budget gives effect or expression to priorities contained in the IDP. A good budget will lay a basis for better oversight and cement the contracts between the executive/council, the administration and the public.

The MFMA gives effect to financial management reforms that place greater service delivery responsibilities on managers and makes them more accountable for performance. Whilst, in the first instance it is left to the mayor or the Executive Committee to resolve any performance failures, ultimately the council is vested with the power and responsibility to oversee both the executive and administration. Oversight occurs at various levels in a municipality and is explained in the following table:

Financial governance framework applicable to local government

	Responsible for	Oversight over	Accountable to
Council	Approving policy and budget	Executive Mayor or Committee	Community

ANNEXURE B

MFMA Circular No 32

Separation of roles

The separation of roles between the council and administration is intended to strengthen the oversight function of councillors. Good governance and effective oversight and accountability are predicated on there being this separation of functions. It is fundamental for the achievement of the objects for local government in the Constitution relating to a democratic and accountable system of local government. Council oversees the performance of the administration through council and committee meetings. The mayor provides the link between the council and administration and is responsible for regular monitoring and for tabling reports before the council. Therefore, the administration is responsible for the day-to-day operations. This separation avoids conflict of interest and a "referee/player" situation arising and is similar to the role played by Parliament.

The MFMA further assumes a separation between councillors serving on the executive (i.e. mayor or executive committee) and non-executive councillors. This separation is vital to ensure council maintains oversight for the performance of specific responsibilities and delegated powers to the mayor or executive committee.

The MFMA gives council a number of financial management tasks to fulfil its oversight role. The adoption of an "Oversight Report" is one such task. The diagramme on the following page illustrates the various oversight intervention points from the adoption of the Integrated Development plan (IDP), Budget, Annual Report and Oversight Report.

What is in an annual report?

Each municipality and each municipal entity must prepare an annual report for each financial year in accordance with the MFMA and MSA. The purpose of the annual report is:

- to provide a record of the activities of the municipality or entity;
- to provide a report on performance in service delivery and against the budget;
- to provide information that supports the revenue and expenditure decisions made; and
- to promote accountability to the local community for decisions made.

Annual reports are the key reporting instruments for municipalities to report against the performance targets and budgets outlined in their strategic plans. Annual reports are therefore required to contain information on service delivery and outcomes, in addition to financial statements. It is meant to be a backward-looking document, focusing on performance in the financial year that has just ended. It must demonstrate how the budget was implemented and the results of service delivery operations for that financial year.

When tabled, the annual report should include four main components, each of which has an important function in promoting governance and accountability. The main components are:

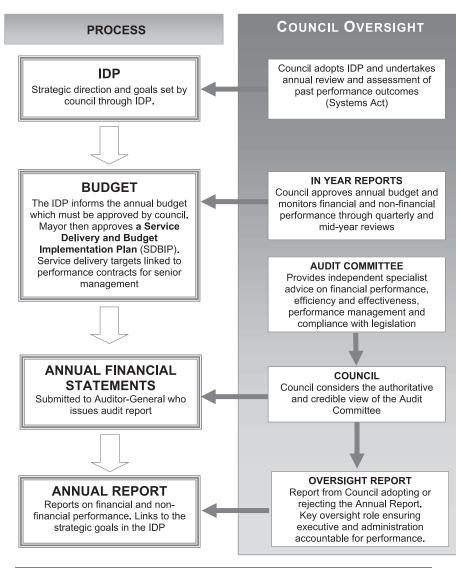

- The annual performance report as required by section 46 of the MSA.
- Annual Financial Statements submitted to the Auditor-General;
- The Auditor-General's audit report on the financial statements in terms of section 126(3) of the MFMA: and
- The Auditor-General's audit report on performance in terms of section 45(b) of the MSA.

Other components required to be included in the annual report are set out in the MFMA section 121 and the MFMA Circular No 11 issued 14 January 2005.

Annexure C contains guidance on the matters that should be considered and lists the components of the annual report with a checklist of questions that might be asked by councillors when considering these components and the overall report.

What is the oversight report?

The oversight report is the final major step in the annual reporting process of a municipality. Section 129 of the MFMA requires the council to consider the annual reports of its municipality and municipal entities and to adopt an "oversight report" containing the council's comments on each annual report.

The oversight report must include a statement whether the council:

- has approved the annual report, with or without reservations;
- · has rejected the annual report; or
- has referred the annual report back for revision of those components that can be revised.

The oversight report is thus clearly distinguished from the annual report. The annual report is submitted to the council by the accounting officer and the mayor and is part of the process for discharging accountability by the executive and administration for their performance in achieving the goals set by council. The oversight report is a report of the municipal council and follows consideration and consultation on the annual report by the council itself. Thus the full accountability cycle is completed and the separation of powers is preserved to promote effective governance and accountability.

Annexure A sets out a recommended structure for an oversight report and draft resolutions to adopt the report.

Managing the process and forming committees

The processes for council oversight of the IDP, budget, annual report and preparing an oversight report may be complex for many councils, in particular where resources to support the functioning of the council are limited. For example, reviewing an annual report within full council meetings may not be practicable and may restrict the effectiveness of the analysis and discussions. Thus councils need to establish appropriate mechanisms to enable all councillors and the public to fully digest and discuss the annual report contents.

Once the annual report is tabled the council effectively has two months in which to consider the report, invite public submissions and to finalise its oversight report. Given there are a number of steps and many stakeholders the review can be made more manageable if a committee process is established breaking it down into more easily managed parts.

It is recommended that councils consider the establishment of an **oversight committee** under sections 33 and 79 of the Municipal Structures Act 1998. This committee and, if needed, subcommittees could be responsible for the detailed analysis and review of the *annual report* and then drafting an *oversight report* that may be taken to full council for discussion. Such a committee may receive and review representations made by the public and also seek inputs from other councillors and council portfolio committees.

The oversight committee should be made up of only <u>non-executive</u> councillors and representatives of the community and can be formed each year to deal with the annual report. Municipal officials cannot be members of an oversight committee as this would pose a conflict of interest. Assistance from the municipality's Audit Committee in the review process is also recommended as a major source of independent specialist advice.

All meetings of Council and the oversight committee at which an annual report is considered must be open to the public and a reasonable time must be allowed for discussion of any written submissions received and for members of the community and organs of state to address the meetings. Representatives of the Auditor-General are entitled to attend and to speak at any meetings held to discuss the annual report. Timely notice of meetings should be given to enable representations to be made. Making representations to the oversight committee should not necessarily preclude

The Oversight Report Page 4 of 17
15 March 2006

At the same time that the committee is analysing the report in detail, other councillors should also be conducting their own review of the report. This can include discussions with constituents, ward committees and ward representatives to encourage inputs and comments and to prepare for the full council meeting that considers the annual report and oversight report.

Questions raised with the administration by council or the committee may be taken on notice by the accounting officer and responses subsequently provided to the committee process. Ideally however, questions should be responded to immediately during the committee meetings to avoid delays. The top management team may assist the accounting officer if needed. If the executive or the accounting officer and administration are unable to respond immediately to questions raised at committee or council meetings, then the committee or council may rightfully conclude that the executive and administration have not performed satisfactorily and may not understand the report that they have tabled.

When enquiring on matters in the annual reports from municipal entities, issues of commercial confidence may arise. In such cases the council should make a judgement as to whether the information is essential to determine a conclusion on the annual report and whether it may be necessary to meet in private. Such a step must be taken with caution in order not to weaken the democratic and transparency objectives of the annual reporting process.

Municipalities should take into account all costs of the various mechanisms (oversight committee and other meetings) for reviewing the annual report and preparing an oversight report. The cost needs to be balanced against the need for transparency, good governance practice and accountability, the capacity of the municipality and the need for an effective process within the time allowed.

Timing considerations

Annexure B provides the key steps in the annual reporting process as required by the MFMA. Note that no later than two months from the date of tabling, council must consider the annual report and adopt an oversight report. Also the annual report must be made public immediately after it is tabled and the public invited to submit representations. To assist with this process a municipal finance management "calendar" will be published in the near future.

Councils are encouraged to effectively use the time permitted under the MFMA (two months from when report tabled) for consideration in order to achieve a quality and acceptable annual report and strive for approval of a report that meets the provisions of the MFMA and MSA. Municipalities are encouraged to review the report immediately upon it being tabled so that steps to obtain additional information and amendments can be taken to facilitate completion of the oversight report within the timetable provided. The process for consideration may involve an initial review and analysis that seeks inputs from the community, Audit Committee and the administration, to be followed by a further review of the report, additional information and representations received. When any additional information is required the administration should promptly provide this.

The MFMA provides that if all the components of the annual report are not completed on time, then those components that are available must be tabled and considered and a written explanation be submitted to council as to why components are delayed and when they will be tabled. In such cases an oversight report may be completed and the report approved, but this should be with reservations or referred back for completion when the missing components are tabled, no more than two months later. In any case the components that have been tabled must be published and open for public representations and, where required, the oversight report amended when the remaining components are tabled.

Understanding the annual report and determining conclusions

A mechanism that facilitates better understanding of the annual report by **all** councillors is essential, as the MFMA requires that **Council**, **and not the executive or administration**, comment on the annual report and arrive at a decision.

To facilitate consideration of the annual report in its entirety the council should obtain the views of the Audit Committee, which is charged with providing council with, among other matters as prescribed, an authoritative and credible view of the financial position of the municipality or entity, its efficiency and effectiveness, performance management and the level of compliance with the MFMA, Division of Revenue Act (DORA) and other relevant legislation.

In order to approve the annual report without reservations, Council should be able to agree that the information contained in the report is a fair and reasonable record of the performance of the municipality and properly accounts for the actions of the municipality in the financial year reported upon. Approval means that the executive and administration have discharged in full, their accountability for decisions and actions and that their performance meets the criteria set by performance objectives and measures and is also acceptable to the community.

Should the Council have reservations on any matter in the report then these reservations should be outlined in the oversight report and the executive and administration should address these as determined by council.

A conclusion that the report is approved without reservations is the preferred outcome from the process. However, this conclusion should not be an outcome of only cursory examination of the report but should be as a result of a rigorous analysis by councillors with inputs from the public and other stakeholders.

Although the accounting officer is required to attend all meetings where the report is discussed to respond to questions, it is incumbent on **all councillors** to fully understand the report in order to identify matters that may require further information from the accounting officer.

Staff performance bonuses

To promote continuous improvement in the performance of the municipality and entities, it is strongly recommended that council reward performance in a manner that is commensurate with achievement of policy outcomes. Therefore, the payment of performance bonuses should be measurable with the extent of outcomes achieved. In some instances, performance bonuses were paid even though performance could not be measured. If the level of acceptance cannot be achieved then it follows that the performance of the administration has not met the objectives approved in the IDP, Budget and Service Delivery and Budget Implementation Plans. Where reservations exist, the seriousness of such should be taken into account before considering any part-payment of bonuses.

Municipal Entities

Where municipalities have one or more municipal entities, separate annual reports from the municipality and each of the entities will be tabled in council. Only the annual financial statements will be consolidated in the municipality report. Although each of the annual reports is to be considered by council it would be impractical to complete multiple oversight reports. It is recommended that council adopt one oversight report that provides comments on each of the annual reports. In this way council is able to reinforce the important linkages between the municipality and its entities, their close interrelationship in the provision of services and that performance of the municipality is an outcome of performance by the municipal administration and all the entities.

Conclusion

Municipalities and municipal entities are required to table in council by 31 January an annual report for the previous financial year. Councils must consider the reports and adopt an oversight report by 31 March. This circular outlines the importance of the annual report in ensuring effective democratic and accountable local government and provides guidance on the manner in which the reports should be considered.

The MFMA provides that the National Treasury may issue guidelines on the manner of consideration of annual reports and the functioning and composition of any public accounts or oversight committee. Until such guidelines are issued, councils and boards of entities are encouraged to consider and implement this circular.

The challenge facing councillors is to utilise their strategic plans, budget documents and annual reports to improve oversight and to hold municipal departments and entities and the executive to account for their performance.

ANNEXURE C

Checklist for considering the annual report

The MFMA provides that the purpose of the annual report of a municipality or a municipal entity for each financial year is:

- to provide a record of activities;
- to provide a report on performance against the budget; and
- to promote accountability to the local community for decisions made throughout the year.

The MSA provides that an annual performance report must be prepared for each financial year to report on the performance of the municipality and each external service provider, compared with targets set for performance.

The annual report requirements are provided in Chapter 12 of the MFMA, sections 45 and 46 of the MSA and the annual Division of Revenue Act.

The following checklist summarises what must be included in the annual report and is designed to support and guide councillors and officials. It should be noted however, that this list is not exhaustive and from time to time other information requirements may be prescribed. Consideration must also be given to specific circumstances and conditions in which other questions may be appropriate. Councillors and officials are encouraged to make suggestions to enhance this checklist and send these to the National Treasury.

Council should verify that the required information is contained in the annual report and then consider the relevance and accuracy of information accordingly. The checklist provides guidance on how matters could be considered.

The oversight committee and the full council may use this checklist as a means to organise the report and to manage requests for additional information. The questions suggested may be used by all councillors to gain clarification on contents of reports and also to verify compliance with the MFMA and MSA. Responses to many of these questions should be provided by the accounting officer of the municipality and/or municipal entities.

Note that the views of the Audit Committee and the findings of the Auditor-General are primary sources of information to assist council in determining a decision on the annual report.

Preferably such evaluation should be considered along with the annual report. The basis upon which performance is evaluated for payment of bonuses should be reconciled with the municipal performance reported in the annual report. Have bonuses been paid based on achievements of agreed outputs and after consideration of the annual report by council? If so has a proper evaluation of performance been undertaken? Was the evaluation approved by council? Does the performance evaluation align and reconcile with the performance reported in the annual report? If not, what reasons have been given for non-reporting of the basis of evaluation in the annual report? Are the payments justified in terms of performance reported in the annual report? Conclusions and comments on the evaluation and payment of performance bonuses of council should be included in the oversight report.

6. MATTERS FOR DISCUSSION

6.1 BRIEFING BY AUDITOR GENERAL: SWARTLAND MUNICIPALITY AUDIT OUTCOMES 2020-21

The chairperson welcomed, Ms Kalthiemah Abrahams, from the Office of the Auditor General (AG). Ms Abrahams stated that the purpose of the presentation is to equip the members of the MPAC to perform their oversight function.

Ms Abrahams commended the Municipality on preparing the annual financial statements under difficult circumstances caused by the Covid-19 pandemic and on achieving a clean audit.

Ms Abrahams emphasised the emerging risks, amongst others, GRAP pronouncements, local content and accounting for availability charges. Furthermore the irregular, unauthorized and fruitless and wasteful expenditure were explained and discussed.

Cllr Daniels mentioned that during the SALGA induction program the impression was created that when corruption is exposed by the AG, no further investigation is done. Ms Abrahams answered that legislative processes exists for the Accounting Officer to report the corruption to the relevant authorities. The AG will, according to the new mandate, mentioned the fraud in the audit letter to be followed up during the next audit to evaluate the appropriate steps taken in order to ensure consequence management.

A discussion followed on the circular by the National Treasury instructing municipalities to stop calling for tenders. This created a risk that municipalities will not be in a position to spend 95% of the capital budget and cannot be penalised due to circular by National Treasury on which various opposed legal opinions exists.

Ms Abrahams confirmed that the AG and National Treasury are in discussions and a formal communication will be send to municipalities regarding the view of the AG on the matter and how spending on the capital budget will be treated during the next audit.

The Director: Financial Services, Mr M A C Bolton, confirmed that the support from Provincial Treasury, National Treasury and the Accounting Standard Board in respect of accounting for availability charged are very poor. Swartland Municipality provided the Provincial Treasury with a position paper on the matter in order to get clarity.

The Director: Financial Services further confirmed that the Municipal Manager applied for exemption of the requirements stated in the Act, with reference to the National Treasury's circular requesting the discontinuing of the tender process. The Municipality is therefore trying to continue with capital expenditure in order to reach the required target.

Mr de Jager, with reference to fraud exposure, requested the members of the MPAC to familiarised themselves with the content of the combined assurance model as the latter is the safeguard that Council must rely upon if fraud was detected.

RESOLUTION

That the following key recommendation to Council by the Office of the Auditor General be noted in order for the MPAC to fulfil its oversight role:

(a)/...

6.1/...

- (a) Hold the executive authorities accountable for weakness identified in the control environment;
- (b) Follow up on the actions taken against the official(s) responsible for transgressions;
- (c) Obtain reports on investigations into transgressions and irregularities conducted and affecting the entity;
- (d) Follow up on annually and previous commitments made by the accounting officer;
- (e) Determine whether corrective steps are being taken to address the shortcomings in the internal control environment.

6.2 MPAC WORK PROGRAM

The Municipal Manager confirmed that the MPAC was previously established by means of a circular from National Treasury. The Local Government: Municipal Structures Amendment Act (Act 3 of 2021) effective from 1 November 2021 changed the responsibilities of the MPAC, which is now established by law.

Therefore, a terms of reference was developed for the MPAC, as well as a work program that will be tabled to Council at the end of March for adoption.

The Municipal Manager confirmed that the important dates and activities must be part of council's schedule and that the dates of the MPAC-meetings will be reconsidered in order to allow for more time to study the documents before the meeting.

RESOLUTION

That the draft MPAC Work Program be adopted for tabling to Council on 31 March 2022, together with the Terms of Reference of the MPAC as approved on 27 January 2022.

6.3 REPORT OF THE SWARTLAND MUNICIPALITY PERFORMANCE AND RISK AUDIT COMMITTEE FOR THE PERIOD 01 JULY 2021 TO 31 DECEMBER 2021

The Municipal Manager explained that the tabling of the report of the Swartland Municipality Performance and Risk Audit Committee is required by the new work program adopted by the MPAC. The purpose of tabling the report is for the MPAC to play on oversight role over the Performance and Risk Audit Committee. Mr Scholtz confirmed that the report will be tabled bi-annually to the MPAC.

COGNISANCE BE TAKEN of the report of the Swartland Municipality Performance and Risk Audit Committee for the period 1 July 2021 to 31 December 2021.

6.4 DRAFT OVERSIGHT REPORT

The chairperson requested the Municipal Manager, Mr J J Scholtz, to give an overview of the draft Oversight Report.

The Municipal Manager explained the timeframe in which the MPAC must make a recommendation to the Council on the final adoption of the 2020/2021 Annual Report, including the final Oversight Report.

The Municipal Manager referred to the comments received on the draft annual report, with reference to the audit opinion that Swartland Municipality received, namely a clean audit (unqualified with no material findings). Mr Scholtz accentuated that a clean administration entails a culture of effective teamwork, the right attitude and keeping staff accountable. Although officials do make mistakes, it is not on purpose – Mr Scholtz referred to the

6.4/...

unauthorised expenditure incurred by the Department Civil Engineering Services in asking separate tenders for the rehabilitation of different dumping sites.

The Municipal Manager also referred to the evaluation of annual performance that was done by an appointed panel on 10 September 2021 resulting in the Municipal Manager qualifying for a 14% performance bonus for the 2020/2021 financial year. Mr Scholtz explained the reason why a performance bonus is only applicable on the Municipal Manager as a decision was taken by Council to allow for the directors to get an increase equal to the rest of the personnel, but to comply with the upper limits legislation in terms of the Municipal Manager.

The Municipal Manager referred to the comments received by Provincial Treasury confirming that the Municipality is compliant with all relevant legislation, except that the unaudited annual report was not tabled to council at least two months after the end of the budget year. Mr Scholtz explained that MFMA Circular 63 is not a legislative requirement and why it is not possible to table the unaudited annual report to Council by 31 August, amongst others, that the annual financial statements is only submitted to the Auditor General by 31 August.

The chairperson allowed for comments by the chairperson of the Performance and Risk Audit Committee and the content of the draft oversight report is confirmed by Mr de Jager as correct.

The chairperson thanked Mr de Jager and the rest of the members of the Performance and Risk Audit Committee for their effort to add value to the operations of the Municipality.

RESOLUTION

(proposed by Ald M van Zyl, seconded by Cllr C Daniels)

It is recommended to Council on 31 March 2022-

- (a) That Council, having considered the 2020/2021 Annual Report of Swartland Municipality, adopts the Oversight Report in terms of section 129 of the Municipal Finance Management Act;
