## 5. SAKE VOORTSPRUITEND UIT DIE NOTULES

Geen.

## 6. MAANDVERSLAG: OKTOBER 2025

### 6.1 MUNISIPALE BESTUURDER (7/1/2/2-7)

Die maandverslag van die Kantoorkomitee van die Municipale Bestuurder vir die maand van Oktober 2025 word ter tafel gelê.

#### BESLUIT

(op voorstel van rdh T van Essen, gesekondeer deur rdl A K Warnick)

Dat kennis geneem word van die inhoud van die maandverslag van die Direktoraat: Siviele Ingenieursdienste ten opsigte van Oktober 2025.

### 6.2 KORPORATIEWE DIENSTE (7/1/2/2-1)

Die maandverslag van die Direktoraat: Korporatiewe Dienste vir die maand van Oktober 2025 word ter tafel gelê.

#### BESLUIT

(op voorstel van rdh T van Essen, gesekondeer deur rdl A K Warnick)

Dat kennis geneem word van die inhoud van die maandverslag van die Direktoraat: Korporatiewe Dienste ten opsigte van Oktober 2025.

### 6.3 FINANSIELLE DIENSTE (7/1/2/2-7)

Die maandverslag van die Direktoraat: Finansiële Dienste vir die maand van Oktober 2025 word ter tafel gelê.

Die Direkteur: Finansiële Dienste noem dat die lae kapitaalspandering 'n bekommernis is en ook deur die Ouditeur-Generaal as 'n risiko geïdentifiseer is. Die Direkteur: Finansiële Dienste verduidelik die effek van hoë kapitaalspandering in die laaste twee

### 6.3/...

maande van die voorafgaande finansiële jaar, onder ander, dat die krediteure betaling tot op 28 dae gestyg het – alhoewel nog binne die NT-norm van 30 dae, word dit as 'n verdere risiko geag.

Rdh T van Essen spreek sy bekommernis uit teenoor die uitstaande debiteure wat op 'n jaarlikse basis styg en bevestig die Direkteur: Finansiële Dienste dat die skuld met R6 tot R6,5 miljoen jaarliks styg en dat die voorsiening wat gemaak moet word vir skuld wat jaarliks styg ook as 'n risiko deur die Ouditeur-Generaal uitgewys is.

Die Direkteur: Finansiële Dienste noem dat die aansoeke vir deernissubsidie toeneem en dat dit toegeskryf kan word aan die verlies aan werkgeleenthede en 'n toename in werkloosheid. Daar sal dus tydens die 90-dae begroting oorweging verleen moet word om die inkomsteperk om te kwalifiseer vir deernissubsidie te verlaag om meer huishoudings te kan akkommodeer. Verder beplan die direktaat om 'n veldtog te loods om agterstallig skuld in te vorder deur op 'n 50/50 basis die kliënt tegemoet te kom.

### **BESLUIT**

(op voorstel van rdh T van Essen, gesekondeer deur rdl A K Warnick)

Dat kennis geneem word van die inhoud van die maandverslag van die Direktaat: Finansiële Dienste ten opsigte van Oktober 2025.

### **6.4 SIVIELE INGENIEURSDIENSTE (7/1/2/2-4)**

Die maandverslag van die Direktaat: Siviele Ingenieursdienste vir die maand van Oktober 2025 word ter tafel gelê.

Die Direkteur: Siviele Ingenieursdienste noem dat alhoewel die damvlakte aansienlik laer is as verlede jaar daar op 'n onlangs Bestuursforumvergadering besluit het om nie waterbeperkings te oorweeg nie.

'n Bespreking volg aangaande die druk op die grootmaatwater-voorsieningstelsel wat toegeskryf kan word aan verskeie faktore, onder ander –

- (1) Verhoogde ontrekking uit stelsel weens bevolkingsgroei;
- (2) Klimaatsveranderinge, bv. hitte-toestande gedurende November;
- (3) Opgradering van meesterplanne om kritiese infrastruktuur vir opgradering te identifiseer;
- (4) Gebrek aan kapitaalspandering oor die laaste 10 tot 15 jaar en die agterstand wat hierdeur ontstaan het met die opgradering van die stelsel – die Direkteur: Siviele Ingenieursdienste noem dat 'n vergadering eersdaags met Zutari Raadgewende Ingenieurs sal plaasvind om die aanwending van die SIDAFF-fondse vir kritiese opgraderings te bespreek;
- (5) Die ontwerp van die stelsel om slegs x2 pompe (alhoewel daar x4 is) te laat loop en die risiko's wat gepaardgaan met aanskakeling van addisionele pomp, bv. wie verantwoordelik gaan wees vir 'n pypbreuk as die druk verhoog word.

Die voorsitter noem dat die belangrik is om kennis te neem van die nodigheid om die grootmaatwaterstelsel op te gradeer met die oog op toekomstige begrotings en die moontlike vervroeg van projekte. Die Direkteur: Finansiële Dienste bevestig dat Swartland Munisipaliteit in 'n gunstige posisie is om 'n groot deel van die projekte te finansier.

Die Municipale Bestuurder noem die belangrikheid om kapasiteit op die grootmaatstelsels (water, riol en vullisverwydering) te hê om ekonomiese groei te verseker.

### **BESLUIT**

(op voorstel van rdh T van Essen, gesekondeer deur rdl A K Warnick)

- (a) Dat kennis geneem word van die inhoud van die maandverslag van die Direktaat: Siviele Ingenieursdienste ten opsigte van Oktober 2025;
- (b) Dat daar pro-aktief opgetree word deur 'n skrywe aan die Departement van Waterwese te rig met die versoek om die kanale wat die Voëlvleidam voed na te gaan vir gebreke en oorgroeide gedeeltes;

#### 6.4/...

(c) Dat 'n verdere skrywe aan die Departement van Waterwese gerig word om terugvoering te versoek insake vordering met projekte deur die betrokke departement om leweringsvermoë van die stelsel te verhoog, onder andere, die verhoging van die damwal by die Voëlvleidam, die *Mitchell Pass Diversion Scheme* (kanale vanaf Ceres), en die implementering van die BRVAS-stelsel.

#### 6.5 ELEKTRIESE INGENIEURSDIENSTE (7/1/2/2-6)

Die maandverslag van die Direktoraat: Elektriese Ingenieursdienste vir die maand van Oktober 2025 word ter tafel gelê.

##### **BESLUIT**

Dat kennis geneem word van die inhoud van die maandverslag van die Direktoraat Elektriese Ingenieursdienste ten opsigte van Oktober 2025.

#### 6.6 ONTWIKKELINGSDIENSTE (7/1/2/2-5)

Die maandverslag van die Direktoraat: Ontwikkelingsdienste vir die maand van Oktober 2025 word ter tafel gelê.

Die Direkteur: Ontwikkelingsdienste noem dat 102 huise die afgelope tyd oorhandig is. 'n Groot probleem wat oor die feesseisoen ervaar word is vandalisme en inbrake by die behuisingsprojekte/kontruksieterreine. ASLA is verantwoordelik vir die sekuriteit by die konstruksie-terreine, maar is daar by die onlangse Bestuurspanvergadering besluit dat wetstoepassing ook op 'n gereelde basis sigbaar moet wees by hierdie terreine.

##### **BESLUIT**

(op voorstel van rdl D G Bess, gesekondeer deur rdd J M de Beer)

Dat kennis geneem word van die inhoud van die maandverslag van die Direktoraat Ontwikkelingsdienste ten opsigte van Oktober 2025.

#### 6.7 BESKERMINGSDIENSTE (7/1/2/2-3)

##### 6.7.1 PRESTASIEVERSLAG

##### 6.7.2 VERKEER- EN WETSTOEPASSINGSDIENS

##### 6.7.3 BRANDWEERDIENSTE

Die maandverslag van die Direktoraat: Beskermingsdienste vir die maand van Oktober 2025 word ter tafel gelê.

Die Direkteur: Beskermingsdienste, met verwysing na die lae slaagsyfer van leerlinglisensies op die nuwe elektroniese stelsel, noem dat die Departement van Mobiliteit inligting op hulle webtuiste geplaas het om persone te help om beter voor te berei vir die toets. Dit word ook aanbeveel dat die K53-toepassing op selfone afgelaai word vir voorbereiding van die toets.

Die inligting sal op die Munisipaliteit se sosiale media platforms beskikbaar gestel word.

##### **BESLUIT**

(op voorstel van rdl D G Bess, gesekondeer deur rdd J M de Beer)

- (d) Dat die uitgawe ten bedrae van R35 595,00 (BTW uitgesluit) teen posnommer 9/5-15-5 verreken word en dat daar voldoende fondse beskikbaar is;
- (e) Dat die Senior Bestuurder: Finansiële State en Batebestuur in terme van die Voorsieningkanaalbestuursbeleid opdrag gegee word om bovermelde redes as nota by die finansiële state in te sluit, wanneer die betrokke state opgestel word.

**7.14 AFWYKING VAN VOORGESKREWE VERKRYGINGSPROSEDURES: DRINGENDE HERSTELWERK AAN DIE DOMPELPOMP NO 1 BY DIE INLAATWERKE VAN MALMESBURY WWTW (8/1/B/2)**

Die inlaatwerke by die Malmesbury WWTW ontvang rou riool en dompelpompe maak die gravitasievloei van die riool na die res van die behandelingsprosesse moontlik.

**BESLUIT**

- (a) Dat kennis geneem word van die afwyking van die voorgeskrewe verkrygingsprosedures ingevolge paragraaf 36 van die Voorsieningkanaalbestuursbeleid;
- (b) Dat kennis geneem word van die aksie van die Municipale Bestuurder om goedkeuring te verleen vir die herstelwerk aan die dompelpomp by die Malmesbury WWTW deur CAW ten bedrae van R80 600,00 (BTW uitgesluit);
- (c) Dat die redes vir die afwyking van die voorgeskrewe verkrygingsproseses soos volg aangeteken word:
  - (i) Die dompelpomp sou vir 'n geruime tyd buite werking gelaat word indien die normale verkrygingsproses gevolg is;
  - (ii) Voormalde sou aanleiding gee tot die faling van die behandelingsproseses en 'n oorvloei van riool by die stelsel en 'n onderbreking in die lewering van die riooldiens;
  - (iii) Die herstel van die dompelpomp is dus as 'n noodgeval hanteer;
- (d) Dat die uitgawe ten bedrae van R80 600,00 (BTW uitgesluit) teen posnommer 9/239-849-425 verreken word en dat daar voldoende fondse beskikbaar is;
- (e) Dat die Senior Bestuurder: Finansiële State en Batebestuur in terme van die Voorsieningkanaalbestuursbeleid opdrag gegee word om bovermelde redes as nota by die finansiële state in te sluit, wanneer die betrokke state opgestel word.

**7.15 AFWYKING VAN VOORGESKREWE VERKRYGINGSPROSEDURES: DRINGENDE HERSTELWERK AAN DIE TELMETRIE TOERUSTING BY DIE WESBANK WATERTORING RESERVOIR EN DIE WESBANK AANJAAGPOMPSTASIE (8/1/B/2)**

Tydens 'n inspeksie is gevind dat sekere komponente van die telemetriestelsel by die Wesbank Watertoring Reservoir en die Wesbank Aanjaagpompstasie nie effekief funksioneer nie. Die telemetriestelsel beheer die vlakke van die reservoir deur die regulering van die aan- en afskakeling van die pompe en indien buite kan daar 'n onderbreking in watervoorsiening aan die omliggende residensiële area plaasvind.

**BESLUIT**

- (a) Dat kennis geneem word van die afwyking van die voorgeskrewe verkrygingsprosedures ingevolge paragraaf 36 van die Voorsieningkanaalbestuursbeleid;
- (b) Dat kennis geneem word van die aksie van die Municipale Bestuurder om goedkeuring te verleen vir die herstel van die telemetriestelsel by die Wesbank reservoires deur Spectrum Communications ten bedrae van R152 598,82 (BTW uitgesluit);
- (c) Dat die redes vir die afwyking van die voorgeskrewe verkrygingsproseses soos volg aangeteken word:
  - (i) Die telemetriestelsel wat die reservoirvlakke beheer deur die begin-/stop van aanjaagpompe by die Wesbank reservoires het foutief geraak;

7.15/(c)...

- (ii) Indien die telemetriestelsel nie herstel word nie, sal daar 'n onderbreking wees in die watervoorsiening aan inwoners;
- (iii) Die herstel van die dompelpomp is dus as 'n noodgeval hanteer;
- (d) Dat die uitgawe ten bedrae van R152 598,82 (BTW uitgesluit) teen posnommer 9/249-1143-543 verreken word en dat daar voldoende fondse beskikbaar is;
- (e) Dat die Senior Bestuurder: Finansiële State en Batebestuur in terme van die Voorsieningkanaalbestuursbeleid opdrag gegee word om bovermelde redes as nota by die finansiële state in te sluit, wanneer die betrokke state opgestel word.

**7.16 AFWYKING VAN VOORGESKREWE VERKRYGINGSROSEDURES: DRINGENDE HERSTELWERK AAN ELEKTRIESE EN MEGANIESE TOERUSTING BY DIE WESBANK WATERTORING POMPSTASIE (8/1/B/2)**

Die funksie van die pompstasie by die Wesbank Watertoring is om die gravitasietoevoer van drinkwater na die omliggende woonbuurte rondom die reservoirs en die Watertoring te verhoog.

**BESLUIT**

- (a) Dat kennis geneem word van die afwyking van die voorgeskrewe verkrygingsprosedures ingevolge paragraaf 36 van die Voorsieningkanaalbestuursbeleid;
- (b) Dat kennis geneem word van die aksie van die Municipale Bestuurder om goedkeuring te verleen vir die herstelwerk verskeie toerusting by die Wesbank Watertoring deur Tricom Africa ten bedrae van R109 427,00 (BTW uitgesluit);
- (c) Dat die redes van die afwyking van die voorgeskrewe verkrygingproses soos volg aangeteken word:
  - (i) Die pompstasie wat drinkbare water aan omliggende gemeenskappe voorsien, was buite werking gelaat weens verskeie elektriese en meganiese toerusting wat foutief was;
  - (ii) Indien die pompstelsel nie herstel word nie, sal daar 'n onderbreking wees in die watervoorsiening aan inwoners;
  - (iii) Die herstel van die dompelpomp is dus as 'n noodgeval hanteer;
- (d) Dat die uitgawe ten bedrae van R109 427,00 (BTW uitgesluit) teen posnommer 9/249-679-259 verreken word en dat daar voldoende fondse beskikbaar is;
- (e) Dat die Senior Bestuurder: Finansiële State en Batebestuur in terme van die Voorsieningkanaalbestuursbeleid opdrag gegee word om bovermelde redes as nota by die finansiële state in te sluit, wanneer die betrokke state opgestel word.

**7.17 AFWYKING VAN VOORGESKREWE VERKRYGINGSROSEDURES: HERNUWING VAN TREND-MICRO LISENSIE (8/1/B/2)**

Die implementering van die Trend-Micro Licensie spruit voort uit die aanbevelings deur kundiges na die sekuriteitsbreuk in Oktober 2020.

Die doel van Trend-Micro as 'n eindpunt-opsporings- en reaksiefunksie is om gedraganalise van rekenaartoestelle en alle geïnstalleerde sagteware wat aan die IT-netwerk gekoppel is te monitor vir enige menslike aktiwiteit. Sodoende word die netwerk beskerm teen enige onregmatige toegang.

**BESLUIT**

- (a) Dat kennis geneem word van die afwyking van die voorgeskrewe verkrygingsprosedures ingevolge paragraaf 36 van die Voorsieningkanaalbestuursbeleid;
- (b) Dat kennis geneem word van die aksie van die Municipale Bestuurder om goedkeuring te verleen vir die hernuwing van die Trend-Micro licensie;

7.17/...

- (c) Dat die rede vir afwyking van die voorgeskrewe verkryingsprosedures soos volg aangeteken word:
  - (i) Trend-Micro is intensief geïntegreer met die bestaande stelsels en die risiko om dit te vervang met 'n nuwe produk wat nog nie saam met die res van die stelsels getoets is nie, is 'n risiko wat hoër is as die Risiko Aptyt en dus moet verdere navorsing en toetsing gedoen word voordat 'n deurdagte besluit geneem kan word;
- (d) Dat die uitgawe ten bedrae van R447 647,17 (BTW uitgesluit) teen posnommer 9/216-655-1925 verreken word en dat daar voldoende fondse beskikbaar is;
- (e) Dat die Senior Bestuurder: Finansiële State en Batebestuur in terme van die Voorsieningkanaalbestuursbeleid opdrag gegee word om bovemelde redes as nota by die finansiële state in te sluit, wanneer die betrokke state opgestel word.

**7.18 IMPLEMENTERING VAN REGULASIES 6292: HERSIENDE VERPLIGTENDE NASIONALE WATER- EN SANITASIE DIENSSTANDAARDE IN TERME VAN ARTIKEL 9(1) VAN DIE WET OP WATERDIENSTE (WET 108 VAN 1997) (16/1/1/B)**

Die Direkteur: Siviele Ingenieursdienste verwys na die nuwe Regulasies No 6292 wat afgekondig is met betrekking tot die verpligte implementering van die Nasionale Water- en Sanitasie Standaarde.

Die verslag bevat die vereistes waaraan Waterowerhede moet voldoen met aksieplanne en tydsraamwerke en noem die Direkteur: Siviele Ingenieursdienste dat Swartland Munisipaliteit reeds voldoen aan van die vereistes, maar dat daar ander is wat nie binne die gegewe tydsraamwerk bereik sal kan word nie.

Die Municipale Bestuurder noem dat die nuwe standaard verrykende implikasies vir munisipaliteite inhou, onder andere, dat die betrokke dienste ook aan die landelike gebied gelewer moet word. Verder het 'n begrotingsimplikasies ten opsigte van Koste van Voorsiening Studies wat voltooi sal moet word vir implementering vanaf 1 Julie 2027.

**BESLUIT**

(op voorstel van rdh T van Essen, gesekondeer deur rdl A K Warnick)

- (a) Dat kennis geneem word van die wetgewende vereistes van nakoming van Regulasie 6292, die Gewysigde Verpligte Nasionale Water- en Sanitasiedienste Standaarde wat afgekondig is ingevolge Artikel 9(1) van die Wet op Waterdienste, Wet 108 van 1997;
- (b) Dat verder kennis geneem word van die bepalings van Regulasie 6292 wat nie binne die gespesifieerde tydsraamwerke, soos aangedui in die aangehegte Nakomingsplan, bereik sal kan word nie;
- (c) Dat goedkeuring verleen word vir die indiening van die Nakomingsplan op die Geïntegreerde Reguleringsinligtingbestuurstelsel van die Departement van Water- en Sanitasiedienste.

(NOVEMBER 2025)**

## OPERATION OF ACTIVATED SLUDGE TREATMENT WORKS

Below is comments from the consulting chemists with regards to operational matters of the various waste water treatment works.

### MALMESBURY (98%)

1. An average daily flow of 5 165 m<sup>3</sup>/d was recorded in October (51.7% capacity).
2. An organic load of 9 753 kg COD/d was imposed on the plant (97.5% capacity).
3. The sludge masses were low in absolute terms for an MBR plant, establishing a sludge age of only 3 days. Suspend sludge wastage from both aeration tanks until at least 800 ml/l solids are established.
4. Plant performance was adequate at both aeration tanks with respect to the nitrification of ammonia nitrogen. The removal of organics was inhibited at aeration tank No.1, however, possibly due to under-aeration and low sludge mass/age.
5. The final effluent complied with the General Limit, relevant to parameters measured.
6. Disinfection was virtually complete (2 Faecal Coliforms per 100ml).

### MOORREESBURG (183%)

1. An average daily flow of 1 181 m<sup>3</sup>/d was recorded in October (62.2% capacity).
2. The organic load 3 469 kg COD/d was imposed on the plant, far exceeding the organic design capacity (183% capacity).
3. The sludge masses at both aeration tanks were very high in absolute terms. Maintain 600 – 700 ml/l solids, by increasing sludge wastage from both aeration tanks.
4. Plant performance was adequate at both aeration tanks relative to the nitrification of ammonia nitrogen and removal of organics. Denitrification was inhibited at both units, however. Increase mixed liquor recycle to the anoxic zone to assist with denitrification.
5. Settling tank No.1's effluent was of adequate chemical quality. Settling tank No.2's effluent was of relatively poor chemical quality with some sludge losses occurring periodically, however.
6. The underflow sludge return rates from both settling tanks were adequate.
7. The chlorine residuals were ideal. Disinfection was adequate (534 Faecal Coliforms per 100ml).
8. The final effluent complied with the General Limit, except for nitrate/nitrite nitrogen and ortho phosphate. Increase mixed liquor recycle to anoxic and anaerobic zones to assist with denitrification and phosphate removal, respectively.

### DARLING (139%)

1. An average daily flow of 1 410 m<sup>3</sup>/d was recorded in October, marginally exceeding the hydraulic design capacity (104% capacity).
2. An organic load of 2 178 kg COD/d, was imposed on the plant, exceeding the organic load design capacity (139% capacity).
3. Both aerators serviceable and operating. The sludge mass was slightly high in absolute terms at the aeration basin, despite the low sludge age of only 9 days being established. Maintain 800 –

900 ml/l solids, by increasing sludge wastage somewhat.

4. Plant performance was nevertheless satisfactory in the aeration basin relative to the nitrification of ammonia nitrogen and the removal of organics.
5. The settling tank effluent was of good chemical quality.
6. The underflow sludge return rate was adequate.
7. The final effluent complied with the General Limit, except for free chlorine. Final effluent 2 (reed bed) complied with the Irrigation Limit up to 500 m<sup>3</sup>, relevant to parameters measured.
8. The chlorine residuals were high. Maintain 0.25mg/l free chlorine. Disinfection was complete (<1 Faecal Coliforms per 100ml).

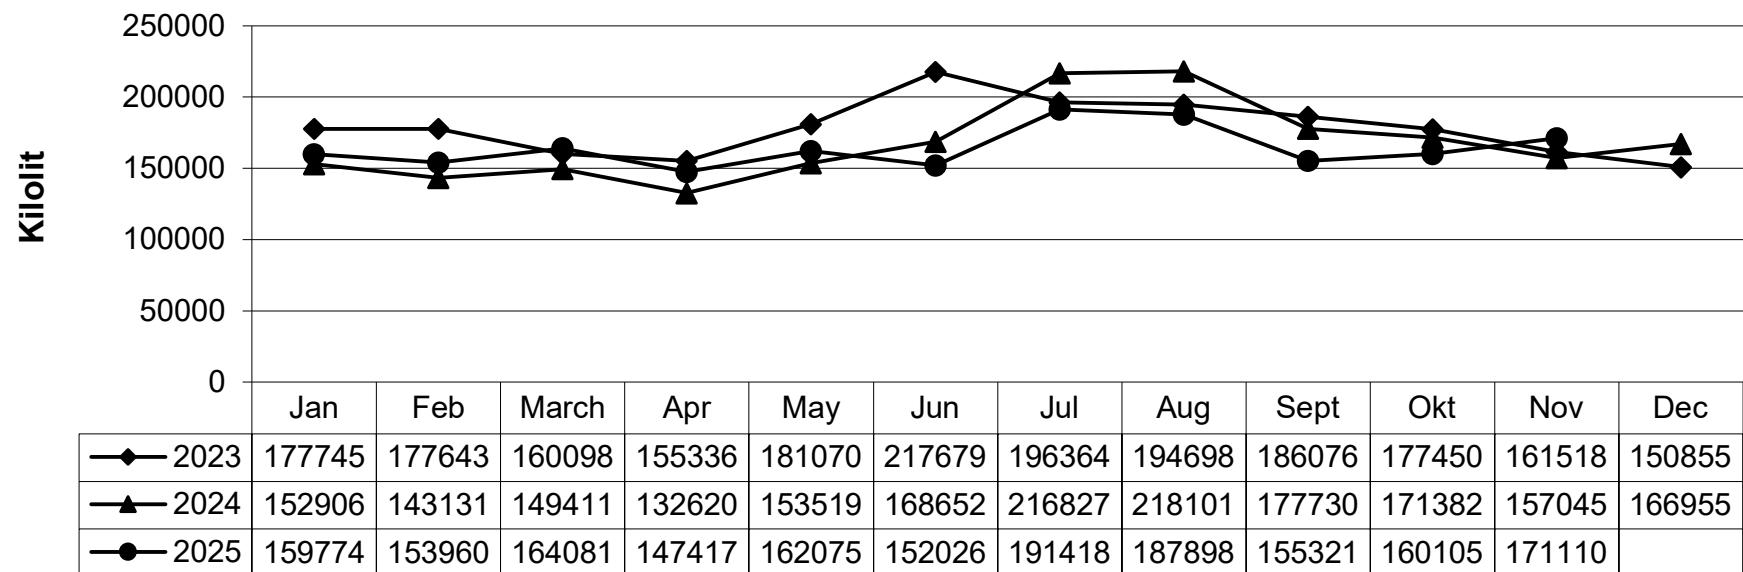

#### **RIEBEEK VALLEI (64%)**

1. An average daily flow of 964 m<sup>3</sup>/d was recorded in October (64.3% capacity).
2. An organic load of 584 kg COD/d was exerted on the plant (38.9% capacity).
3. The sludge mass was marginally high in absolute terms at the aeration tank. Maintain 300 – 400ml/l solids, by judicious sludge wastage.
4. Plant performance was poor in the aeration basin relative to the nitrification of ammonia nitrogen. Under-aeration was evident from the results. The dissolved oxygen concentration in the aeration tank was also low at 0.90 mg/l. This was possibly as a result of the marginally high sludge mass impeding aeration of the active biomass. The removal of organics was nevertheless adequate.
5. The underflow sludge return rates were satisfactory.
6. The chlorine residuals were satisfactory. Disinfection was complete (<1 Faecal Coliforms per 100ml).
7. The final effluent complied with the General Limit, except for ammonia nitrogen and the marginally high total suspended solids.

**Key Performance Area: Community Development:**

**Focus: Socio-Economic Assessments:**

*Ph-16-0001: Support the coordination of disaster management*

**Key Performance Indicators (KPI's):**

-Socio-economic assessments are done when a disaster occurs. All households receive humanitarian assistance (food parcels, blankets) irrespective the nature of the disaster. The incidents are captured on collaborator and submitted to the finance department to finalise their process.

**The following Socio-Economic assessments were done in November 2025:**

- 13622022 - 21 Lelie Straat, Riebeek Kasteel
- 13591112 - 1005 Kuiler Cres, Riebeek Wes
- 6488 Nobuhle Street (Main House and 7 Shack Fires)

**PROGRESS ON SMALL FARMERS:**

- The IGR meeting was held on 21 November 2025 where an amended Action plan was drawn up specifically with regards to the infrastructure on Tygerfontein and the removal of empty structures at De Hoop. The relocation plan was discussed.

**Dahlia Centre: GBVF Focus**

There is a growing need to support victims of gender-based and domestic violence in the Swartland Municipal area. In response, the municipality are focussing on a preventative programme and already appointed Gender Based Violence (GBV) Ambassadors in all the wards. These ambassadors work closely with government departments, community stakeholders, and private organisations to ensure victims receive the support they need.

Through a series of community engagement sessions, concerns were raised around domestic violence, harassment, alcohol abuse, and general safety. From these discussions, a clear need emerged: the establishment of an accessible, safe space where victims could find immediate support and counselling.

The primary goal of this safe space is to assist individuals and families who have experienced any form of violence, especially gender-based and domestic abuse. It offers a safe, supportive environment where victims can begin to regain control over their lives, build resilience, and feel empowered to move forward.

The Dahlia Centre, is a municipal property located in Wesbank, Malmesbury, near Ilingeletu. The building is being transformed into a welcoming, first point of contact for victims—offering access to essential services such as social support, healthcare, and law enforcement when needed.

The facility will be managed by a Swartland Municipality employee, qualified as a social worker. In addition, the aim is to appoint two suitable workers from the Expanded public works programme (EPWP) to serve as assistants, further supporting the social worker and contributing to the day-to-day operations of the facility.

The following was done for November 2025:

- Darling GBVF (16days of Activism Opening Event)- 25 November 2025

# TRAFFIC AND LAW ENFORCEMENT

## Monthly report to Portfolio Committee

### November 2025

# EXECUTIVE SUMMARY

## 1. INTRODUCTION

The Traffic and Law Enforcement Service of Swartland Municipality are executing our mandate and assisted SAPS to prevent and combat crime during the month of **November 2025**.

Our main purpose is to enhance service delivery and better quality of life through improving the safety of all inhabitants within the Swartland Municipal area.

## 2. LAW ENFORCEMENT

This division ensure bylaw compliance and education to all communities within the Swartland municipal area.

### 2.1. MONITORING OF INFORMAL SETTLEMENTS

The Law Enforcement Division is mandated to monitor all informal settlements within the Swartland municipal area and to prevent and manage land invasion. Monitoring of Silvertown informal settlement, Phase 1/3/4 Ilingeletu, Phola Park, Chatsworth, Riverlands and Sibanye (Moorreesburg) is ongoing. Special efforts are in place to safeguard municipal land. We also monitor Kalbaskraal and all land of Cape Nature in our municipal area as per our MOU. Currently we monitor HDA land in Chatsworth and Ilingeletu as there are land invasion attempts. Our department are currently monitoring the small farmers at De Hoop and share drone footage with Department of Development services. A regular drone report is submitted to management on a regular basis.

### 2.2. DOG UNIT (K9-UNIT)

The Dog-Unit works 8-hour shifts within a 40-hour week. Shifts are adapted to cover enforcement over weekends and assist SAPS with crime prevention and crime combatting activities as per the TPA- agreement. The Unit can report the following for the month:

- 2 x Assisted at K78 Roadblocks/VCP
- 9 x Crime Prevention/Joint Operations

**73** Searches conducted in the form of VCPs, K78-Roadblocks and search and seizure in collaboration with SAPS for the month of **November 2025**. Details are available in this report.

The K9 unit made **(39) Arrests** for the month.

### 2.3 LEAP UNIT

The Unit work 8-hour shifts and adapt their shifts to ensure visibility within Swartland area, assisting SAPS with crime combatting and crime prevention activities for the month of **November 2025**.

- 15 x Bylaw Operation
- 18 x Foot Patrols
- 24 x Crime Prevention/Joint Operations

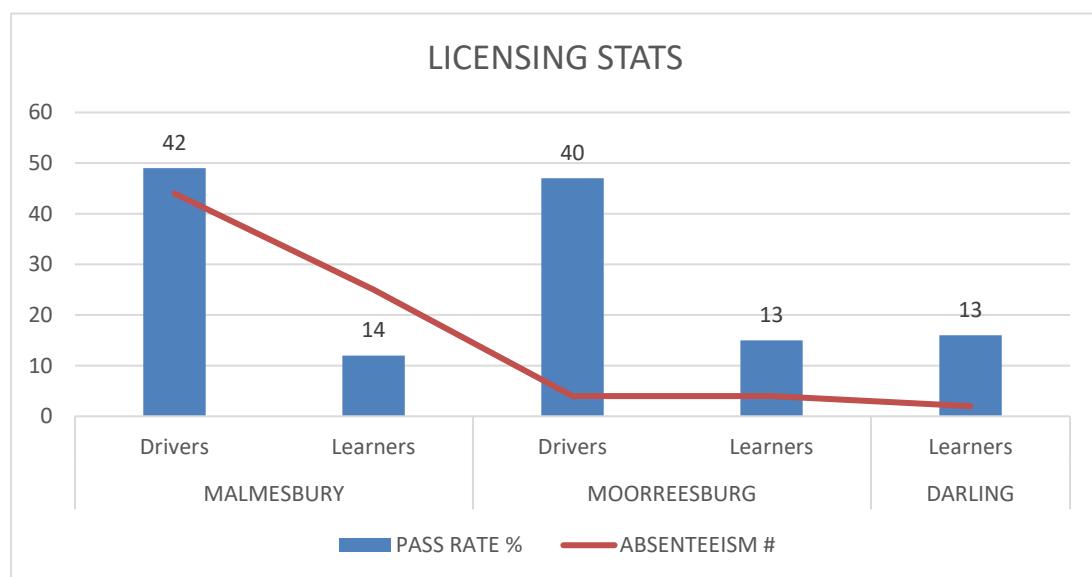

## 2.4 ILLEGAL DUMPING OPERATIONS

Bylaw awareness campaign held w.r.t illegal dumping is ongoing in the Swartland area making resident aware not to tolerate illegal dumping.

## 3. REGISTRATION AND LICENSING

### 3.1. DRIVING AND LEARNERS' LICENSES

Driving and learners' licenses create job opportunities and allow people to better their standard of living. The following can be reported for Malmesbury, Moorreesburg and Darling Driving License Testing Centres (DLTC's):

**SUBJECT: BUDGET STEERING COMMITTEE (BSC) 2025/2026 MID-YEAR ADJUSTMENTS  
 CAPITAL AND OPERATING BUDGET TECHNICAL RECOMMENDATIONS**

**1. BACKGROUND**

The Municipal Finance Management Act places specific responsibilities and obligations on the Accounting Officer and Executive Mayor regarding the progress made in respect of the implementation of the originally approved budget and performance measured against the goals set out in the Service Delivery and Budget Implementation Plan. To assist the Mayor with his duties in respect of tabling the adjustments budget, the budget steering committee met on 16 January 2026 to discuss and consider the adjustments as a result of the half-year performance ended 31 December 2025.

Opportunity was given to the Chief Financial Officer to present the detail in respect of the mid-year adjustments and to allow for considering performance to date. During this engagement the BSC in the main wanted to ensure consolidation of expenditure and that the achievement of the objectives set in the main budget is not compromised.

Further to the above, the Provincial Adjusted Estimates brought about additional funding (**see Annexure B-3 for the summary**). The roll-overs approved by Provincial and National Treasury for the Human Settlements Development Grant, Municipal Accreditation and Capacity Building Grant, and the Municipal Disaster Response Grant, must also form part of this Mid-year Adjustments budget, in order for the funds to be spent.

**1.2 SECTION 72 MID-YEAR BUDGET AND PERFORMANCE ASSESSMENT  
 (LEGISLATIVE RESPONSIBILITIES)**

- (1) The accounting officer of a municipality must by 25 January of each year-
  - (a) assess the performance of the municipality during the first half of the financial year, taking into account-
    - (i) the monthly statements referred to in section 71 for the first half of the financial year;
    - (ii) the municipality's service delivery performance during the first half of the financial year, and the service delivery targets and performance indicators set in the service delivery and budget implementation plan;
    - (iii) the past year's annual report, and progress on resolving problems identified in the annual report; and
    - (iv) the performance of every municipal entity under the sole or shared control of the municipality, taking into account reports in terms of section 88 from any such entities; and
  - (b) submit a report on such assessment to-
    - (i) the mayor of the municipality;
    - (ii) the National Treasury; and
    - (iii) the relevant provincial treasury.
- (2) The statement referred to in section 71 (1) for the sixth month of a financial year may be incorporated into the report referred to in subsection (1) (b) of this section.

- (3) The accounting officer must, as part of the review-
  - (a) make recommendations as to whether an adjustments budget is necessary; and
  - (b) recommend revised projections for revenue and expenditure to the extent that this may be necessary.

## SECTION 28 MUNICIPAL ADJUSTMENTS BUDGETS

- (2) An adjustments budget-
  - (a) must adjust the revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year;
  - (b) may appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;
  - (c) may, within a prescribed framework, authorise unforeseeable and unavoidable expenditure recommended by the mayor of the municipality;
  - (d) may authorise the utilisation of projected savings in one vote towards spending under another vote;
  - (e) may authorise the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the current year was approved by the council;
  - (f) may correct any errors in the annual budget; and
  - (g) may provide for any other expenditure within a prescribed framework.

## 2. HIGH-LEVEL DISCUSSION / MOTIVATION

The adjustments in respect of the Capital Budget for 2025/2026 (**Annexure A: Adjusted 2025/26 MTREF Capital Budget**) will result in a decrease of R13 748 385, which will decrease the 2025/2026 capital budget from R293 798 527 to R280 050 142. Capital projects already completed, of which the final envisaged expenditure figures are known, is adjusted herewith.

The adjustments in respect of the Operating Budget (**Annexure B: Adjusted 2025/26 MTREF Operating Budget**) for 2025/2026 will result in the **net surplus excluding capital grants and contributions of R27 115 762 increasing to a budgeted net surplus of R68 315 588**.

Some adjustments result from additional grant funding in the Provincial Adjustments Budget. The adjustments budget was also informed by an in-depth analysis and consideration of the performance for the mid-year ended 31 December 2025, inclusive of considering the 2024/25 audited outcomes insofar as it impacted the figures in the original budget.

The adjustments to the 2025/2026 balance sheet budget are due to a combination of adjustments to the capital and operating budgets.

**Note:** The difference between the actual adjustment amounts listed above and the adjustment amounts in the B-schedule are because of virements within departments that now also forms part of the proposed adjusted budget.

### 2.1 OPERATING EXPENDITURE

Operating expenditure must increase from R1 458 809 231 to R1 515 384 860. The R56 575 629 increase in operating expenditure was influenced in the main by the following: (Self explanatory notes attached as **Annexure B-1**)

1. Employee Related Costs – Wages, Salaries and Social Contributions increases in total by R7 055 861 based on the reasons provided in the attached Annexure B-1;
2. Remuneration of councillors increases by R220 008 based on the envisaged draft Upper limits for Councillors;

3. Debt impairment increases by R29 621 654 mainly based on available information and modelling done, linked to year to date payment rates;
4. Irrecoverable debts written off decreases by R18 211 552 mainly as a result of payment rates for Fines;
5. Depreciation and amortisation decrease by R8 390 772 based on the projections for the current year;
6. Interest payable decreases by R1 118 162 due to the early settlement and redemption of the two external loans;
7. Bulk Purchases: Electricity increases by R15 452 046 based on year to date consumption and mid-year forecasts;
8. Inventory consumed decreases by R2 406 410 based on the reasons provided in the attached Annexure B-1;
9. Contracted Services increases by R31 856 706 based on the reasons provided in the attached Annexure B-1;
10. Transfers and Subsidies (Paid) decreases by R386 665 mainly due to the payments made to the SPCA in the prior year, that are now classified as operational cost for services rendered and not a subsidy;
11. Operational Cost increases by R3 890 098 based on the reasons provided in the attached Annexure B-1;
12. Losses on Disposal of Assets decreases by R4 420 137 based on the 2024/25 audited performance and projections for the current year;
13. Other Losses (water losses and PEHB) increases by R3 412 954 based on the 2024/25 audited performance and projections for the current year.

## 2.2 OPERATING REVENUE

Operating revenue must increase from R1 606 490 727 to R1 725 538 886. The R119 048 159 increase in operating revenue was influenced in the main by the following: (Self explanatory notes attached as **Annexure B-2**)

1. Revenue from Property rates increase by R2 362 480 based on the mid-year performance;
2. Revenue from Electricity service charges increases by R24 271 865 based on revised forecasts, given the performance year to date;
3. Revenue from Waste Management service charges (Refuse removal) increases by R1 824 005 based on the mid-year performance;
4. Revenue from Waste Water Management service charges (Sewerage) increases by R2 335 625 based on the mid-year performance;
5. Revenue from Water Management service charges increases by R4 286 395 based on revised forecasts, given consumption patterns year to date;
6. Rental from Fixed Assets (Facilities and Equipment) increases by R162 033 based on the mid-year performance;
7. Interest from Current and Non Current Assets earned (External investments) increases by R22 929 158 mainly due to the increased positive cashflow balance of the 2024/25 audited period;
8. Interest earned from Receivables (Outstanding Debtors) decreases by R133 985 based on the mid-year performance;

9. Fines, penalties and forfeits increases by R783 249 based on projections for the current year;
10. Transfers and subsidies – Operational, decreases by R133 429 364 mainly due to the Housing Top structure funding that moved to Operational revenue;
11. Transfers and subsidies – Capital, increases by R20 915 650 due to the adjustments to the Human Settlements projects and approved roll-overs;
12. Public Contributions and Donations: Operational, increases by R40 000 due to the contribution from Slimsun towards transport costs for the Sondeza youth camp;
13. Public Contributions, Donations and Donated PPE: Capital, increases by R357 054 mainly due to the unspent contribution from Great Cormorant investment and WCED private funding;
14. Operational revenue increases by R171 879 269 based on the reasons provided in the attached Annexure B-2;
15. Gains on disposal of Assets, increases by R464 725 based on the reasons provided in the attached Annexure B-2.

## 2.3 CAPITAL EXPENDITURE

The capital budget must decrease by R13 748 385, from R293 798 527 to R280 050 142. The decrease was influenced in the main by the following: **(Self explanatory notes attached as Annexure A-1).**

### CAPITAL PROJECTS ABOVE THE THRESHOLD AS ENVISAGED BY SECTION 19 OF THE MFMA

**SECTION 19 (1)** requires that council considers the operational costs over the MTREF and beyond prior to approving these capital projects:

- (1) “A municipality may spend money on a capital project only if-
  - (a) the money for the project, excluding the cost of feasibility studies conducted by or on behalf of the municipality, has been appropriated in the capital budget referred to in section 17 (2);
  - (b) the project, including the total cost, has been approved by the council;
  - (c) section 33 has been complied with, to the extent that this section may be applicable to the project; and
  - (d) the sources of funding have been considered, are available and have not been committed for other purposes.”

**SECTION 19 (2)** requires the following:

- (2) “Before approving a capital project in terms of subsection (1) (b), the council of a municipality must consider-
  - (a) the projected cost covering all financial years until the project is operational; and
  - (b) the future operational costs and revenue on the project, including municipal tax and tariff implications.”

Adjustments to the 2025/2026 Capital budget also affects the original Section 19 disclosure in **(Annexure A-2: Capital Projects to Sec 19).**

The effect of the adjustments on the finance sources are as follows: (Self explanatory notes attached in **Annexure A-1: Adjusted 2025/26 MTREF Capital Budget**)

## RECOMMENDATIONS

(The following recommendations by the Budget Steering Committee held on 16 January 2026, to be considered by the Executive Mayoral Committee on 21 January 2026)

- (a) That it be noted that the Budget Steering Committee convened to consider the explanations and motivations provided by the financial staff and other directors in a bid to advise the Executive Mayor on way forward;
- (b) Council to note that based on the latest guidance from NT, the capital expenditure to upgrade the electricity supply pertaining to Eskom's side of the substation, is now regarded as operational expenditure and the grant funding as a Construction Contract Revenue, resolving a necessitated reallocation change in the adjustments budget and therefor the external loan can no longer be taken up, as the substation will not be an asset of the municipality;
- (c) Council to approve the R6 786 000 bridging finance of certain electrical infrastructure capital projects due to the timing of the Integrated National Electrification Programme (INEP) grant that may differ from the municipality's financial year in the context of funding approval and when the projects had to be implemented;
- (d) That approval be granted to amend the 2025/2026 capital projects as part of the consolidated capital program as per **(Annexure A-1: Adjusted 2025/26 MTREF Capital Budget)**, including the amendments to the outer years for the Malmesbury De Hoop 132/11kV Substation project, to facilitate the procurement process;
- (e) That council considers and approve the amended funding sources linked to council's capital program and take note that these funding sources are available and have not been committed for other purposes;

- (i) That approval be granted to extend the definition of free basic services to indigents in the Tariff file, to also include free bulk basic services to inhabitants of Council recognised informal settlements, not having a service connection in their name (**Annexure C: 2025/26 Tariff File Extract**);
- (j) That it be noted that the changes to the operating budget will have no impact on tariffs in respect of the 2025/2026 financial year or outer years, but will result in an increased budgeted net surplus from R27 115 762 to a budgeted net surplus of R68 315 588;
- (k) That the adjusted budget schedules (B1 to B10) as required by the Budget and Reporting Regulations be approved as set out in (**Annexure D: Budget Report and B-Schedules 2025/26 – 2027/28**);
- (l) That the Director: Financial Services adhere to the requirements of the Budget Circulars and Budget Reforms in the context of the reporting requirements to Provincial and National Treasury;
- (m) That the Service Delivery Budget Implementation Plan (SDBIP) where appropriate be amended accordingly.

## AANBEVELINGS

(Die volgende aanbevelings deur die Begrotingsbeheerkomitee gehou op 16 Januarie 2026, vir oorweging deur die UBK op 21 Januarie 2026)

- (a) Dat kennis geneem word dat die Begrotingsbeheerkomitee vergader het om die verduidelikings en motivering van die finansiële personeel en ander direkteure te oorweeg in 'n poging om die Uitvoerende Burgemeester te adviseer insake die pad vorentoe;
- (b) Dat kennis geneem word dat, gebaseer op die nuutste riglyne vanaf die Nasionale Tesourie (NT), die kapitaaluitgawe met betrekking tot Eskom se gedeelte van die substasie vir die opgradering van elektrisiteitsvoorsiening, nou as 'n bedryfsuitgawe beskou word en die finansiering as Konstruksie Kontrak Inkomste, wat 'n heralokasie van fondse in die aansuiweringsbegroting noodsaak en dat die eksterne lening derhalwe nie meer opgeneem kan word nie, aangesien die substasie nie 'n bate van die Munisipaliteit sal wees nie;
- (c) Dat die Raad die R6 786 000 oorbruggingsfinansiering van kapitaalprojekte vir sekere elektriese infrastruktuur goedkeur weens die tydsberekening van die INEP-toekennings, wat mag verskil van die Munisipaliteit se finansiële jaar in konteks van goedkeuring en wanneer die projekte geïmplementeer moet word;
- (d) Dat goedkeuring verleen word om die 2025/2026 kapitaalprojekte te wysig as deel van die gekonsolideerde kapitaalprogram goedkeur soos gelys in (**Annexure A-1: Adjusted 2025/26 MTREF Capital Budget**); ingesluit die wysigings aan die buite jare om die verkrygingsproses vir die Malmesbury De Hoop 132/11kV Substation projek te akkommodeer;
- (e) Dat die Raad die gewysigde befondsingsbronne oorweeg en goedkeur wat verband hou met die raad se kapitaalprogram en daarop let dat die befondsingsbronne beskikbaar is en nie vir ander doeleindes geoormerk is nie;

### ITEM 7.2 OF THE AGENDA OF AN EXECUTIVE MAYORAL COMMITTEE MEETING TO BE HELD ON 21 JANUARY 2026

**ONDERWERP: KWARTAAL 2 EKONOMIESE ONTWIKKELINGSVERSLAG**

**SUBJECT: QUARTER 2 ECONOMIC DEVELOPMENT REPORT**

#### 1. BACKGROUND AND DISCUSSION

The purpose of this report is to provide the Executive Mayoral Committee with an overview of key economic development activities and performance trends for the second quarter of the 2025/26 financial year. The report highlights progress made in implementing the Municipality's Economic Development Plan, including initiatives aimed at supporting small enterprises, promoting investment readiness, and facilitating strategic infrastructure projects.

Key developments during the second quarter included the hosting of the Swartland Business Breakfast, the reinstatement of the Western Cape Provincial Local Economic Development Forum, participation in the Western Cape Investment Summit, and the submission of project proposals under the RSEP programme.

This report serves to inform the Executive Mayoral Committee of progress, challenges, and planned interventions to strengthen local economic development and sustain inclusive growth across the municipal area. Appended hereto as **ANNEXURE A** is the Municipality's Local Economic Development Report for Quarter 2, i.e., for the period 1 October until 31 December 2025.

#### 2. LEGISLATION

Section 152 of the Constitution (1996): This section identifies the objects of local government, including "to promote social and economic development".

Section 153(a) of the Constitution requires municipalities, in managing their administration, budgeting, and planning, to give priority to basic needs of communities and to promote the social and economic development of the community.

#### 3. LINK TO THE IDP

This plan links to Chapter Four - Goal 2 (Economic Transformation).

#### 4. FINANCIAL IMPLICATION

None

#### 5. AANBEVELING

5.1 Dat kennis geneem word van die Ekonomiese Ontwikkelingsverslag vir Kwartaal 2 (periode 1 October tot 31 Desember 2025).

#### 5. RECOMMENDATION

5.1 That cognisance be taken of the Economic Development Report for Quarter 2 (period 1 October to 31 December 2025).

## Quarterly Local Economic Development Report

**Period: October – December 2025**

### 1. Introduction

This report summarises LED activities, trends, and developments for Q2 2025 (October – December 2025). The quarter was marked by increased economic caution globally, continued financial strain at the household level, but also promising local initiatives to improve investment readiness, community infrastructure and enterprise development.

*Key developments include:*

- Swartland Business Breakfast
- Reinstatement of the Western Cape Provincial Local Economic Development Forum
- Western Cape Investment Summit
- RSEP project proposal submissions

### 2. Key domestic and global developments that influences local economic development

The following section highlights key developments that could influence local economic growth in the Swartland.

#### ***Economic Context and Macroeconomic Trends***

Recent global and national economic developments present material risks to municipalities. Despite sustained diplomatic efforts by South Africa, the United States imposed a 30 per cent tariff on selected South African exports. Although the US accounts for less than 8 per cent of national exports, the affected sectors, manufacturing, mining, and agriculture, are significant employers and contributors to local economies. Any contraction in these sectors poses a direct risk to municipal revenue bases through reduced business activity, job losses, and increased demand for indigent support.

Government responses, including efforts to diversify export markets and introduce targeted support mechanisms for vulnerable sectors such as automotive and agriculture, may mitigate these risks

over the medium term. However, in the short term, municipalities with economic exposure to export-oriented industries remain vulnerable to revenue volatility and socio-economic stress.

South Africa's continued reliance on mineral exports, particularly in its trade relationship with China, further exposes local economies to global commodity price fluctuations. Downturns in commodity markets typically translate into reduced local economic activity, weakened rates and service-charge collection, and heightened fiscal pressure on municipalities, particularly those with mining-dependent communities.

From a macroeconomic perspective, inflation has remained contained within the South African Reserve Bank's 3–6 per cent target range since mid-2023, allowing for a reduction in the policy interest rate to 7.0 per cent in July 2025. While lower interest rates may support household consumption and investment, the broader growth outlook remains subdued due to persistent structural constraints, including energy supply instability and high unemployment. For municipalities, this implies limited upside in revenue growth, continued pressure on affordability of services, and elevated credit risk among consumers.

Debate around a potential shift to a lower inflation target introduces an additional layer of policy uncertainty. While such a move could enhance long-term macroeconomic stability, the National Treasury has cautioned that any adjustment must be carefully managed. For municipalities, policy uncertainty complicates medium-term financial planning and increases the importance of conservative budgeting assumptions.

Socio-economic pressures are intensifying at community level, with direct implications for municipal risk exposure. In 2025, households face rising healthcare costs, disruptions to HIV and TB treatment programmes linked to external funding uncertainty, and possible changes to medical aid tax credits. Combined with a cumulative 4.2 per cent decline in real GDP per capita over the past decade, these trends point to sustained erosion in household resilience.

These economic stresses are already manifesting in increased social risks, including higher crime levels, gender-based violence, and food insecurity, with an estimated one in five South Africans experiencing moderate to severe food insecurity. For municipalities, this translates into rising demand for social support services, pressure on community safety and public amenities, and increased risk of service delivery protests.

In summary, the current economic environment heightens municipal risks across three key dimensions:

- Financial risk: constrained revenue growth, higher indigence, and weaker payment levels;
- Service delivery risk: increased demand amid limited fiscal space; and

- Social stability risk: rising vulnerability and community unrest driven by declining living standards.

### **3. Key developments during the reporting period**

#### *3.1. Swartland Business Breakfast*

The Swartland Business Breakfast was held on 14 November 2025 and was attended by approximately 80 participants from across the business and investment ecosystem. The event formed part of the Municipality's ongoing efforts to strengthen stakeholder engagement and position Swartland as a competitive, investment-ready local economy.

The primary objectives of the Business Breakfast were to communicate the Municipality's pro-business posture, build investor confidence through policy clarity and institutional support, and facilitate partnerships between local enterprises and external investors.

#### *3.2. Reinstatement of the Western Cape Provincial Local Economic Development Forum*

The Department of Economic Development and Tourism (DEDT) invited Swartland Municipality to participate in the reinstated Western Cape Provincial Local Economic Development Forum (PLEDF), which convened on 18 September 2025. The reinstatement of the Forum responds directly to requests from municipalities across the province for a coordinated platform to strengthen alignment, knowledge-sharing, and collaboration on local economic development (LED) initiatives.

Key outcomes arising from Swartland Municipality's participation in the Forum include the following:

- Enterprise Development Coaching Clinic: Swartland Municipality was invited to participate in an enterprise development coaching clinic on 2 December 2025, aimed at strengthening municipal capacity to support small businesses and local enterprises.
- Western Cape LED Academy – Pilot Municipality: Swartland Municipality was selected as a pilot municipality for the Western Cape LED Academy.

#### *3.3. Western Cape Investment Summit*

The Western Cape Investment Summit was held from 5 to 7 November 2025 at the Cape Town International Convention Centre, convening leading investors, policymakers, and industry experts to engage on a curated pipeline of investment-ready projects aimed at stimulating economic growth, job creation, and community upliftment across the province. The three-day Summit moved beyond discussion to implementation, providing structured mechanisms to unlock investment and accelerate project delivery. More than 200 investment-ready projects were showcased, enabling new

partnerships and reinforcing the Western Cape's objective of building a resilient, inclusive, and globally competitive economy.

A key feature of the Summit was the focus on regulatory efficiency and investor facilitation. Dedicated regulatory forums enabled direct engagement between investors and government facilitators, creating opportunities to simplify regulatory frameworks, address project bottlenecks, and fast-track approval processes. This approach reinforced government's commitment to improving the ease of doing business across the province.

### *3.4. Project proposal submission –RSEP*

Swartland Municipality received an invitation from the Department of Environmental Affairs and Development Planning (DEADP) to submit applications for RSEP grant funding for the 2026/2027 financial year. The RSEP funding programme supports the implementation of socio-economic infrastructure projects, local area planning initiatives, and related studies aimed at community upliftment and inclusive development. In response to this invitation, the Strategic Services Directorate submitted two project proposals, namely:

- Multi-Use Recreational Area: Tosca Street (Ward 10)

A community-based infrastructure project aimed at enhancing access to safe recreational facilities and improving the quality of public space within the Tosca Street area.

- Revitalisation of Informal Dumping Sites into Sustainable Community Gardens: Moorreesburg (Ward 2)

A pilot project focused on transforming informal dumping sites into productive community gardens, promoting environmental sustainability, food security, and local economic participation.

### *3.5. Investment prospectus/information for new website*

The Strategic Services Directorate developed investment profiles for the Swartland municipal area as well as for each town within the Municipality. These profiles provide structured, investor-focused information on local economic opportunities, sector strengths, infrastructure, and development potential. The investment profiles were utilised as core promotional material at both the Swartland Business Breakfast and the Western Cape Investment Summit, supporting investor engagement and positioning Swartland as an investment-ready municipality.

The content will be repackaged and adapted for publication on the municipal website, forming part of a dedicated investment promotion section aimed at improving accessibility to information for prospective investors, developers, and business partners.

## 4. Local Project Highlights

### 4.1 Tosca Street Playpark Project (Ward 10)

AfriSam identified an alternative priority project and subsequently withdrew its financial contribution to the initiative. As a result, the Strategic Services Directorate submitted an application for RSEP funding to the value of R2 million to enable the finalisation and implementation of the project.

### 4.2 Community of Hope Project (Ward 6)

Sibathatu and Venatouch have confirmed a joint investment of R700,000 towards the establishment of the project on the identified erf in Bloekomlaan, Darling. The Department of Mineral Resources and Energy (DMRE) has approved the project in principle, with formal written confirmation anticipated by 12 December 2025.

The following governance and implementation steps were agreed to in support of the progression of the project:

- Swartland Municipality confirmed its in-principle support for the project.
- The project proposal was scheduled for submission to the Executive Mayoral Committee for consideration at its meeting on 19 November 2025.
- It was agreed that the facility, referred to as the Centre of Hope, would be allocated to a non-governmental organisation (NGO) for management and operation through a transparent and competitive identification process.
- The initially proposed Safe House component was replaced with an Early Childhood Development (ECD) Centre, in order to better align the project scope with identified community needs.

### 4.3 Kersfontein Mine

Swartland Municipality is planning the refurbishment of an existing building in Kalbaskraal for community development purposes, with a targeted construction completion date of June 2026. The proposed facility is comparable in function and community benefit to the Thusong Centre in Ilinge Lethu. Kersfontein Mine, under new ownership, has indicated an inherited interest in supporting socio-economic development initiatives within Ward 7. In this regard, an internet hub has been identified as a priority intervention, as Kalbaskraal currently lacks accessible digital support services for high school learners and job seekers. Kersfontein Mine has proposed funding the equipment required for the internet hub, including PC stations and a copier. The identified site is located on Erf 927, Eikenhof Street, Kalbaskraal, with approximately 30 m<sup>2</sup> available for use. The project will require

adequate security measures to prevent vandalism, as similar initiatives in the area have previously been affected. Community expectations will also need to be managed through clear communication of roles and responsibilities.

## 5. LED performance

**ITEM 7.3 OF THE AGENDA OF AN EXECUTIVE MAYORAL COMMITTEE MEETING TO BE HELD ON 21 JANUARY 2026**

**SUBJECT: QUARTERLY REPORT ON THE PERFORMANCE OF CONTRACTORS**  
**ONDERWERP: KWARTAALVERSLAG OOR DIE PRESTASIE VAN KONTRAKTEURS**

## 1. BACKGROUND

Section 116(2) of the Municipal Finance Management Act, Act 56 of 2003 stipulates the following:

(2) *The accounting officer of a municipality must -*

- (a) *take all reasonable steps to ensure that a contract or agreement procured through the supply chain management policy of the municipality is properly enforced;*
- (b) *monitor on a monthly basis the performance of the contractor under the contract or agreement;*
- (c) *establish capacity in the administration of the municipality -*
  - (i) *to assist the accounting officer in carrying out the duties set out in paragraphs (a) and (b); and*
  - (ii) *to oversee the day-to-day management of the contract or agreement; and*
- (d) *regularly report to the council of the municipality, on the management of the contract or agreement and the performance of the contractor*

The performance of contractors is quarterly monitored on the Collab and Eunomia system.

This report is done in compliance with Section 116(2)(d) above.

## 2. DISCUSSION

All contracts or agreements procured through the supply chain management policy of the Municipality are monitored on a quarterly basis. At the monthly performance assessment meetings, the directors then report to the Municipal Manager on the performance of contractors through the Eunomia compliance system. Problems occurred (if any) are discussed here with possible interventions where necessary.

The second quarter's performance of contractor's report is attached as **ANNEXURE 1**.

## 3. LEGISLATION

MUNICIPAL MANAGER

# **Supply Chain Management Implementation Report**

**For the period ended December 2025**

To The Executive Mayor

In accordance with Regulation 6(3) of the Municipal Supply Chain Management Regulations, I submit the required report on the implementation of Swartland Municipality's Supply Chain Management Policy for the period: 1 October 2025 to 31 December 2025 for purposes of joint oversight.

Municipal Manager  
6 January 2025

## Executive Summary

### Introduction

This report is a summary of the implementation of the Supply Chain Management Policy. It highlights the implementation of Supply Chain Management in the Swartland Municipality. Regulation 6(3) of the SCM Regulations requires the Accounting Officer to report quarterly on the implementation of the Supply Chain Management Policy to the Mayor, in order to strengthen oversight.

### Implementation of Supply Chain Management Policy

The Supply Chain Management Policy was adopted by Council on 1 January 2006 to fully comply with the SCM Regulations communicated under National Treasury general notice 868, Gazette no. 27636. The Supply Chain Management Policy has been reviewed and approved by Council on 31 March 2025.

### Committees

The below mentioned committees are established and are functioning fully according to Council's Supply Chain Management Policy and the Supply Chain Management Regulations. The committees are as listed below:

- Bid Specification Committee (BSC)
- Bid Evaluation Committee (BEC)
- Bid Adjudication Committee (BAC)

### Tenders Awarded

During the quarter the BAC met 4 times, and 15 tenders were awarded.

*Attached as Annexure A (Formal Tenders) and Annexure B (Informal Tenders) is a list of all tenders awarded during this quarter by the Bid Adjudication Committee and Manager: Supply Chain Management respectively.*

<b>ONDERWERP:</b>	<b>VORDERING MET UITSTAANDE VERSEKERINGSEISE</b>
<b>SUBJECT:</b>	<b>OUTSTANDING INSURANCE CLAIMS PROGRESS</b>

### 1. AGTERGROND/BEREDENERING / BACKGROUND/DISCUSSION

Effective and sound asset management is critical to any business environment whether in the private or public sector. Asset safekeeping in the main, involves, whilst not limited to the latter, the protection and safeguarding of assets against potential damage, theft, and safety risks, whilst insurance cover provides selected and limited coverage for the accidental loss of the asset value.

### 2. WETGEWING / LEGISLATION

Section 63 of the Local Government: Municipal Finance Management Act, 2003 (Act no. 56 of 2003)

### 3. KOPPELING AAN DIE GOP / ALIGNMENT TO THE IDP

Verwys na 1.4.1 van die GOP/ Refer to 1.4.1 of the IDP

*“Maintain and utilise assets effectively and efficiently- Implement an asset register that complies with Generally recognised Accounting Practice (GRAP) standards. In an effort to establish an asset management programme, compile a maintenance plan linked to the asset register, calculate escalated replacement cost of assets, and establish operating costs of assets and compare to standard.”*

The fire department attempted to extinguish the blaze, but the damage to the igloos was too severe and both structures were destroyed. The insurance is still investigating the claim.
2026/25	SWA-017-C-2526	Civil: Municipal Property	21/07/2025	25/11/2025	Property Damage, Neighbourhood Watch Container, Kalaskraal	outstanding		On 21 July 2025, a neighbourhood officer was informed that the container was on fire. Information from SAPS and internal reporting was received on 24 November 2025. An assessor was appointed December 2025. No quotation has been received to date, and confirmation of whether the claim will be approved is still pending.
2026/26	CLGRMUM-921131	Protection: Traffic	09/11/2025	09/12/2025	Property Damage, Drone	outstanding		The inspector noticed the supervisor of an incident involving a drone that was hovering at an estimated height of approximately 2.5 metres above ground level when an unexpected loss of communication occurred between the aircraft and the remote controller. Following the signal loss, the drone proceeded to move forward toward a high boundary fence separating Grotto Bay and Ganzekraal. Multiple attempts were made to re-establish manual control; however, communication could not be restored. The drone subsequently collided with the boundary fence and fell to the ground, sustaining damage. The drone was purchased by Swartland in 2023/24 for R89 207,00. The claim is currently under evaluation by a Loss Adjuster, appointed on 29 December 2025.

## ITEM 7.8 FOR AGENDA OF EXECUTIVE MAYORAL COMMITTEE TO BE HELD ON 21 JANUARY 2026

**SUBJECT: DEVIATION FROM PRESCRIBED PROCUREMENT PROCEDURES: REPAIR CASE BACKHOE LOADER CK43210**

### 1. BACKGROUND.

The Municipality deploys a Case Backhoe Loader CK43210, in the Electrical division in Moorreesburg. The details of the machine is as follow:

<b>Registration Number</b>	CK 43210	<b>Division</b>	Electrical Moorreesburg
<b>Description</b>	Case Backhoe Loader	<b>Km's/Hours</b>	03961
<b>Year</b>	2009	<b>Due replacement</b>	The replacement is not scheduled within the next 5 years

The Backhoe loader was being used in Darling for excavation work when it was noticed that the bucket did not operate correctly. The loader was taken to HJ Van Zyl Meganies BK for inspection in order to determine what the problem was. The bucket assembly had to be stripped in order to determine the exact reason for malfunction. HJ Van Zyl Meganies BK determined that a shaft on the bucket assembly broke resulting in misalignment and further damage to other bushes and shafts. The municipality was supplied with a quotation amounting to R 32 765.20 including Vat.

HJ Van Zyk Meganies BK is registered on the CSD system with number **MAAA0329954**.

Obtaining more quotations would be impractical as reassembly and strip at other workshops would be required.

The Supply Chain Management Policy states that for the procurement of goods and services for any amount higher than R 30,000.00 (including VAT), a formal tender process must be followed. However, the Municipal Manager has approved that HJ Van Zyl Meganies BK be appointed in terms of paragraph 36(1)(a)(v) of the SCM Policy for the strip and quote to CK 43210.

### 2. LEGISLATION

The Supply Chain Management Policy under paragraph 36(1)(a) allows the Accounting Officer to dispense with the official procurement processes for any required goods or services through any convenient process, which may include direct negotiations, but only

- (i) in an emergency;
- (ii) if such goods or services are produced or available from a single provider only;
- (iii) for the acquisition of special works of art or historical objects where specifications are difficult to compile;
- (iv) acquisition of animals for zoos and/or botanical specimens for nature and game reserves; or;
- (v) in any other exceptional case where it is impractical or impossible to follow the official procurement processes;

The accounting officer must record the reasons for any deviations in terms of sub regulation (1)(a) and (b) and report them to the next meeting of the council, or board of directors in the case of a municipal entity and include as a note to the annual financial statements."

### **3. FINANCIAL IMPLICATIONS**

The expenditure will be allocated to the vehicle repair vote number 9/7-25-5 and there is sufficient funding available for the quoted amount.

### **4. ALIGNMENT WITH THE 2023 INTEGRATED DEVELOPMENT PLAN**

The provision of electrical services aligns with Strategic Goal 3: Quality and reliable services of the IDP.

The machine is an important part of our electrical vehicle fleet w.r.t. construction machinery as we do a great part of Network upgrading construction in house and need the machine to be operational.

### **5. RECOMMENDATION**

- 5.1 That cognisance be taken that the Municipal Manager has approved the repairs to the backhoe loader's bucket assembly of CK 43210 for the amount of R 32 765.20 including VAT by HJ Van Zyl Meganies BK.
- 5.2 That cognisance be taken that in terms of paragraph 2(6) (d) of the SCM Policy a formal tender process was not followed due to the following:
  - A strip down of the bucket assembly was required to prepare the quotation
  - It was impractical to obtain more quotations as it would have required reassembly and further strip down at other workshops
- 5.3 That it be noted that the expenditure will be allocated to mSCOA Code: 9/7-26-5 and that there is sufficient funding available for the quoted amount of R 32 765.20 including VAT.
- 5.4 That the Manager: Financial Statements and Control be instructed to include the above reason as a note to the financial statements when compiled.

**SUBJECT: DEVIATION FROM PRESCRIBED PROCUREMENT PROCEDURES: REPAIR OF UD 370FC TRUCK CK 50003**

### 1. BACKGROUND.

The Municipality deploys a UD 370FC Truck CK 50003 for the pumping of sewage tanks in the Swartland Municipal area. The details of the truck are as follows:

<b>Registration Number</b>	CK 50003	<b>Division</b>	Sewerage
<b>Description</b>	UD 370FC Truck	<b>Km's/Hours</b>	493,487 km
<b>Year</b>	2016	<b>Due replacement</b>	Replacement planning is scheduled for 2031-2032

The truck has failed roadworthy testing and UD Trucks Malmesbury, the local agent for UD Trucks was requested to assess and provide a quotation.

The Municipality was supplied with a quotation amounting to R 40,966.82 excluding Vat.

The Supply Chain Management Policy states that for the procurement of goods and services for any amount higher than R 30,000.00 (including VAT), a formal tender process must be followed. However, the acting Municipal Manager has approved that UD Trucks Malmesbury be appointed in terms of paragraph 2(6)(d) of the SCM Policy for the services to CK 50003 as they are the authorised agents for UD Trucks.

### 2. LEGISLATION

The Supply Chain Management Policy under paragraph 2(6) (d) states that: repair and servicing of vehicle must be repaired and/or serviced by the relevant agency / authorized dealer or manufacturer.

### 3. FINANCIAL IMPLICATIONS

The expenditure will be allocated to the vehicle service vote number 9/4-46-5 and there is sufficient funding available for the quoted amount.

### 4. ALIGNMENT WITH THE 2023 INTEGRATED DEVELOPMENT PLAN

The provision of waste removal services aligns with Strategic Goal 3: Quality and reliable services of the IDP.

## 5. RECOMMENDATION

- 5.1 That cognisance be taken that the acting Municipal Manager has approved the service of UD 370FC Truck CK 50003 for the amount of R 40,966.82 excluding VAT by UD Trucks Malmesbury.

## ITEM 7.12 FOR AGENDA OF EXECUTIVE MAYORAL COMMITTEE TO BE HELD ON 21 JANUARY 2026

**SUBJECT: DEVIATION FROM PRESCRIBED PROCUREMENT PROCEDURES: REPAIR WORK TO TIPPER TRUCK CK 43285**

### 1. BACKGROUND.

The Municipality deploys a tipper truck CK 43285 for clearing illegal dumping and towing of lobbed in all areas in Swartland Municipality. The truck is a 2011 model UD G390.

Registration Number	CK43285	Division	Refuse removal: Illegal dumping
Description	UD G390 Tipper	Km	357 575
Year	2011	Due replacement	Not in the next 3 years

CK 43285 encountered difficulty with selecting gears while working in Moorreesburg. UD Trucks was called out to inspect the truck and it was decided that the truck had to be towed to UD Trucks in Malmesbury, the local OEM support agent of UD trucks, for assessment. It was determined that the gearbox required extensive repair and the pressure plate and servo had to be replaced. The Municipality was supplied a quote of R 133,265.61 excluding VAT.

The Supply Chain Management Policy states that for the procurement of goods and services for any amount higher than R 30,000.00 (including VAT), a formal tender process must be followed. However, the Municipal Manager has approved that UD Trucks be appointed in terms of paragraph 2(6)(d) of the SCM Policy for the repair of the gearbox and replacement of the pressure plate and servo of tipper truck CK 43285, as they are the Original Equipment Manufacturer of UD Trucks.

### 2. LEGISLATION

The Supply Chain Management Policy under paragraph **2(6)** states that: *This Policy, except where provided otherwise, does not apply in respect of: (d) repairs and servicing of vehicles, where the vehicles must be repaired and or serviced by the relevant agency/authorised dealer or manufacturer.*

### 3. FINANCIAL IMPLICATIONS

The expenditure will be allocated to the vehicle repair vote number 9/4-14-5 and there is sufficient funding available for the quoted amount.

### 4. ALIGNMENT WITH THE 2023 INTEGRATED DEVELOPMENT PLAN

The provision of waste removal services aligns with Strategic Goal 3: Quality and reliable services of the IDP.

## 5. RECOMMENDATION

- 5.1 That cognisance be taken that the Municipal Manager has approved the repair of the gearbox and replacement of the pressure plate and servo of tipper truck CK 43285 for the amount of R 133,265.61 excluding VAT by UD Trucks.

## ITEM 7.13 FOR AGENDA OF EXECUTIVE MAYORAL COMMITTEE TO BE HELD 21 JANUARY 2026

**SUBJECT: DEVIATION FROM PRESCRIBED PROCUREMENT PROCEDURES: REPAIR WORK TO AUTOMATED INDUSTRIAL EFFLUENT SAMPLER**

### 1. BACKGROUND

Industrial effluent at the premises of Fair Cape Dairies in Malmesbury is sampled for billing purposes with an automated Smartstorm wastewater sampler. The equipment is essential for monitoring disposed effluent and to ensure accurate billing for the treatment of industrial effluent from the premises.

The Smartstorm water sampler suffered mechanical failure resulting in failure of effluent monitoring.

Hydrometrix, the approved authorised agent for Smartstorm equipment, was requested to assess the extent of the repair work required and to provide a quotation.

The quotation amounted to R 29,906.25 (excluding VAT).

The Supply Chain Management Policy states that for the procurement of goods and services for any amount higher than R 30,000.00 (including VAT), a formal tender process must be followed. However, the Municipal Manager has approved that Hydrometrix be appointed in terms of paragraph 2(6)(d) of the SCM Policy for repairing the water sampler as they are the authorised agents for Smart Storm equipment.

### 2. LEGISLATION

The Supply Chain Management Policy under paragraph 36(1)(a) allows the Accounting Officer to dispense with the official procurement processes for any required goods or services through any convenient process, which may include direct negotiations, but only –

- 2.1 in an emergency;
- 2.2 if such goods or services are produced or available from a single provider only;
- 2.3 for the acquisition of special works of art or historical objects where specifications are difficult to compile;
- 2.4 acquisition of animals for zoos and/or botanical specimens for nature and game reserves; or
- 2.5 in any other exceptional case where it is impractical or impossible to follow the official procurement processes;

The accounting officer must record the reasons for any deviations in terms of sub regulation (1)(a) and (b) and report them to the next meeting of the council, or board of directors in the case of a municipal entity and include as a note to the annual financial statements.”

### 3. FINANCIAL IMPLICATIONS

The expenditure was allocated to vote number 9/239-677-425 and there is sufficient funding available for the quoted amount.

#### **4. ALIGNMENT WITH THE 2023 INTEGRATED DEVELOPMENT PLAN**

The provision sewer treatment services aligns with Strategic Goal 3: Quality and reliable services of the IDP.

#### **5. RECOMMENDATION**

- 5.1 That cognisance be taken of the deviation from the prescribed procurement procedures in terms of Section 36 of the Supply Chain Management Policy.
- 5.2 That cognisance be taken of the action of the Municipal Manager to approve the repair of the Smartstorm water sampler at Fair Cape Malmesbury by Hydrometrix for the amount of R 29,906.25 (excluding VAT).
- 5.3 That cognisance be taken that in terms of paragraph 2(6) (d) of the SCM policy, a formal tender process was not followed as Hydrometrix is the agent for Smartstorm equipment
- 5.4 That it be noted that the expenditure was allocated mSCOA Code: 9/239-677-425 and that there is sufficient funding available for the quoted amount of R 29,906.25 (excluding VAT)
- 5.5 That the Manager: Financial Statements and Control be instructed to include the above reason as a note to the financial statements, when same are compiled.
